## INSTRUCTIONS TO BIDDERS

## **BID REQUIREMENTS:**

The City of O'Fallon, Missouri (the "City") <u>requires</u> all bids be submitted on the blank bid form furnished with these contract documents and shall conform to the terms and conditions set forth in the "Instructions to Bidders", "General Conditions" and "Special Conditions" of the contract. Please make and retain a copy of this bid for your records. The bid must be enclosed in a sealed envelope bearing the bid number and the printed title of the bid. Bidders must sign, in ink, the bid form and all other documents where indicated.

Where applicable, the Bidder shall furnish with the bid, one set of all available literature pertaining to the equipment and/or material to be furnished under the bid.

Bidder shall acknowledge receipt of each addendum issued in the space provided on the bid form.

The total price quoted by the Bidder must be the total cost delivered to the location(s) stated in the "Special Conditions" or "Specifications". Bidder must not qualify his bid by stating a F.O.B. location other than such stated location(s).

In the specifications, whenever an article or material is defined by brand name, the name and catalog number of a particular manufacturer, vendor or a limited description, the term "OR APPROVED EQUAL" is written. Any reference to a particular manufacturer's product either by brand name or limited description is only for purposes of setting a standard of performance, quality, composition, construction or size. If there is any deviation in the pack, source, quality, etc., of an item bid, from that prescribed in the specifications, the appropriate line in the specifications will be ruled out and the substitution clearly indicated.

However, if "OR APPROVED EQUAL" is <u>not</u> written and you cannot bid the specified item, the Bidder may submit an alternate bid. The City will consider the bids covering the specified article or material first.

The City, for cost effective measures, standardizes on specific items; those bids will contain the language "no substitution," and any alternative will not be considered.

#### **ALTERNATE/EQUAL BIDS:**

The City recognizes the expertise provided by many bidders and encourages creativity in bidding. Alternates may be considered if the bid submitted clearly indicates what will be furnished and how it will benefit the City. Alternates will be compared to the lowest responsive, responsible bid as specified.

The City reserves the right to approve any material the Bidder proposes to furnish which contains variations from specification requirements, but which may substantially comply.

## **CONTRACT AWARD INFORMATION:**

Award notification will be sent to the vendor receiving the award via mail or fax.

In the absence of such statement, the bid shall be considered as if submitted in strict compliance with all terms, conditions, and specifications; the Bidder shall be held liable. Bidders are cautioned to avoid making deviations and exceptions to the specifications, which may result in rejection of their bid.

#### **EXAMINATION BY BIDDER:**

The Bidder shall, before submitting his bid, carefully examine the bid, specifications, and contract documents.

If his bid is accepted, he will be responsible for all errors in his bid resulting from his failure or neglect to comply with these instructions.

Unless otherwise provided in the <u>SPECIAL CONDITIONS</u>, when the specifications include information pertaining to preliminary investigations made by the City, such information represents only the opinion of the City as to the location, character or quantity of the materials encountered. That information is only included for the convenience of the Contractor. The City assumes no responsibility whatsoever with respect to the sufficiency or accuracy of the information.

#### FACSIMILE/E-MAIL TRANSMITTALS:

Facsimile and/or e-mail transmitted bids will not be accepted by the City.

#### INDEMNITY:

The Contractor shall, at all times, fully indemnify, hold harmless, and defend the City and its officers, members, agents, and employees from and against any and all claims and demands, actions, causes of action, and cost and fees of any character whatsoever made by anyone whomsoever on account of or in any way growing out of the performance of this contract by the Contractor and its employees, or because of any act or omission, neglect or misconduct of the Contractor, its employees and agents or its subcontractors including, but not limited to, any claims that may be made by the employees themselves for injuries to their person or property or otherwise.

Such indemnity shall not be limited by reason of the enumeration of any insurance coverage herein provided.

Nothing contained herein shall be construed as prohibiting the City, its directors, officers, agents, or its employees, from defending through the selection and use of their own agents, attorneys and experts, any claims, actions or suits brought against them.

The Contractor shall likewise be liable for the cost, fees and expenses incurred in the City's or the Contractor's defense of any such claims, actions, or suits.

## **INTERPRETATION OF CONTRACT DOCUMENTS:**

If a potential Bidder is uncertain as to the meaning of any part of the specifications or other contract documents, the bidder is expected to submit questions to the Purchasing Agent. The Purchasing Agent is the point of contact for this bid. All communications regarding this bid packet must be directed to the Purchasing Agent. If a question can be answered by directing the questioner to a specific section of the bid packet, then the Purchasing Agent may answer the question over the telephone. Other questions may be more complex and may require a written amendment to the specifications. The Purchasing Agent will make this determination. Oral communication is considered unofficial and non-binding on the City. If an amendment to the specifications is issued, it will be provided to all offerors that were issued a copy of the bid packet and to those that have requested a copy of the bid packet from the Purchasing Agent.

Christine Grabin, Purchasing Agent E-mail: cgrabin@ofallon.mo.us

Only questions answered by formal written addenda will be binding. Oral and interpretations or clarifications will be without legal affect.

## PREPARATION OF BIDS:

The Bidder shall return his bid on the attached bid forms. <u>Bids must be returned with all pages intact.</u> Please make and retain a copy of this bid for your records. Unless otherwise stated, all blank spaces on the bid page or pages, applicable to the subject specification, shall be correctly filled in. Either a unit price or a lump sum price, or both as the case may be, shall be stated for each and every item, either typed in or printed in ink, in figures, and if required in words. Bidder shall acknowledge receipt of each addendum issued in the space provided on the bid form.

All prices quoted by the Bidder shall be F.O.B. delivered and shall include any and all freight costs to the delivery location(s) specified. The Bidder must not qualify the bid by stating F.O.B. a location other than such stated location(s).

When a bid consists of a number of items, prices must be submitted for all items, unless otherwise directed in the Special Conditions.

Where unit prices are to be bid, and/or where bids are to be made on more than one item, the Bidder shall extend the unit price(s) bid in the places provided on the pricing pages for the approximate quantities, shall compute the total amount of the bid and shall indicate same on the bid page. The Bidder must bid in accordance with the unit(s) of measure called for. If an item is listed by each, the bid price must be entered by each, not dozen or hundred. All extensions and total sums are subject to verification by the City and the correct extensions and sums will be used in the comparison of bids.

Where unit prices are requested, the quantities stated are approximate only. The quantities for all items on which bids are to be received on a unit price basis, will not be used in establishing final payment due the Contractor. Bids will be compared on the basis of number of units stated in the Bid Pricing Section. Contract payment for unit price items will be based on the actual number of units installed in the completed work within the proposed scope of work.

All extensions and total sums are subject to verification by the City and the correct extensions and sums will be used in the comparison of bids. If a discrepancy exists between the unit prices and totals, the unit prices shall prevail. If a discrepancy exists between the total base bid and the true sum of the individual bid items, the true sum shall prevail.

In certain cases, amounts are to be shown in both words and figures. When discrepancies occur between the "Written in Words" and the "In Figures" amounts for the total lump sum bid amount, the "Written in Words" shall govern.

Bidders are warned against making any erasures or alterations of any kind, and bids, that contain omissions, erasures, conditions, alterations, or additions not called for may be rejected. The bidder must fill in all blanks. Use "N/A" or "None" where applicable.

The bid shall be signed by a company officer empowered to bind the company. Failure to sign the bid may cause the bid to be determined to be non-responsive and the bid may be rejected.

## **SUBMISSION OF BIDS:**

All bids must be received in sealed envelopes that have your name and address in the UPPER left corner and the attached label filled in and pasted on the LOWER left corner.

Bids mailed "EXPRESS MAIL" must have bid number and due date on the outside of the EXPRESS MAIL envelope.

The Bidder shall be responsible for delivery of bids to the Purchasing Agent before the date and hour set for the opening of bids. The City assumes no responsibility for delays caused by any delivery service. Postmarking by due date will not substitute for actual receipt by the City. Late bids will not be opened or considered.

THIS AGREEMENT, by and be	etween the <u>City of O'Fallon, Missouri,</u>	hereinafter called the OWNER,

	, hereinafter called the CONTRACT	OR.
WITNESSETH:		

WHEREAS, in accordance with law, the OWNER has caused contract documents to be prepared and an advertisement calling for bids to be published, for and in connection with the **Pool Shell Resurfacing at Renaud Center (Rebid)**, and

WHEREAS, the OWNER, in the manner prescribed by law, has publicly opened, examined and canvassed the bids submitted, and has determined the aforesaid CONTRACTOR to be the lowest and best bidder for the work and has duly awarded to the said CONTRACTOR a contract therefore, for the sum or sums named in the CONTRACTOR's bid, a copy of the Bid Form being attached to and made a part of this contract;

NOW, THEREFORE, in consideration of the mutual agreements herein, the parties hereby agree, the OWNER for itself and its successors, and the CONTRACTOR for itself and any successors, assigns, and administrators, as follows:

## ARTICLE I.

CONTRACTOR shall furnish, at CONTRACTOR's expense, all tools, equipment, supplies, superintendence, transportation, and other construction accessories, services and facilities, all materials, supplies and equipment specified and required for the completed work; and provide and perform all necessary labor in a good, substantial, and workmanlike manner to construct and complete the work as described and required by the plans, specifications, and the proposal for construction of the improvements, all in accordance with the plans, specifications, general conditions, supplementary conditions, instructions to bidders, proposal, and other specified documents, all of which contract documents form the contract, and are as fully a part thereof as if repeated verbatim herein, all work to be done under the direct supervision, and to the entire satisfaction of the OWNER.

## ARTICLE II.

CONTRACTOR shall comply in all respects with provisions of the Contract Documents regarding Equal Employment Opportunity, handicapped facilities, and non-segregated facilities.

## ARTICLE III.

## ARTICLE IV.

CONTRACTOR shall not sell, transfer, assign or otherwise dispose of this Agreement or any portion thereof without previous written consent of the OWNER. In no case shall the CONTRACTOR assign work amounting to more than **eighty (80%) percent** of the total contract amount. No transfer of contract shall release the CONTRACTOR of his liability under the contract and bonds applicable thereto.

## ARTICLE V.

CONTRACTOR agrees to begin work within ten (10) days after receiving notice to proceed to start work from the OWNER and to complete the entire project by within the designated 14 day time frame.

## ARTICLE VI.

In conformity with the GENERAL CONDITIONS and BID FORM, the amount of liquidated damages for the Contract shall be **Two Hundred Fifty dollars (\$250.00)** per consecutive calendar day.

## ARTICLE VII.

Each and every provision of law and clause required by law to be inserted in this contract shall be deemed to be inserted herein and the contract shall be read and enforced as though it were included herein, and if through mistake or otherwise any such provision is not inserted, or is not correctly inserted, then upon the application of either party the contract shall forthwith be physically amended to make such insertion or correction.

## ARTICLE VIII.

To the fullest extent permitted by law, the CONTRACTOR shall indemnify and hold harmless the CITY, their consultants, and agents and employees of any of them from and against claims, damages, losses and expenses, including but not limited to attorneys' fees, arising out of or resulting from performance of the Work, provided that such claim, damage, loss or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property other than the Work itself, including loss of use resulting there from, but only to the extent caused in whole or in part by negligent acts or omissions of the CONTRACTOR, a Subcontractor, or anyone directly or indirectly employed by them or anyone for whose acts they may be liable, regardless of whether or not such claim, damage, loss or expense is caused in part by a party indemnified hereunder. Such obligation shall not be construed to negate, abridge, or reduce other rights or obligations of indemnity, which would otherwise exist as to a party or person described in this Section.

In claims against any person or entity indemnified under the above paragraph by an employee of the CONTRACTOR, a Subcontractor, or anyone directly or indirectly employed by them or anyone whose acts they may be liable, the indemnification obligation under this paragraph shall not be limited by a limitation on amount or type of damages, compensation or benefits payable by or for the CONTRACTOR or a Subcontractor under workers' or workmen's compensation acts, disability benefit acts or other employee benefit acts.

The obligations of the CONTRACTOR under this Section shall not extend to the liability of the OWNER, the OWNER'S consultants, and agents and employees of any of them arising out of (1) the preparation or approval of maps, drawings, opinions, reports, surveys, Change Orders, designs or specifications, or (2) the giving of or the failure to give directions, after requested in writing by the CONTRACTOR, or instructions by the OWNER, the OWNER'S consultants, and agents and employees of any of them provided such instructions or failure to give is the primary cause of the injury or damage.

## ARTICLE IX.

(a) If the CONTRACTOR is adjudged to be bankrupt, or if the CONTRACTOR makes a general assignment for the benefit of creditors, or if a receiver is appointed on account of the CONTRACTOR's insolvency, or if the CONTRACTOR fails, except in cases for which extension of time is provided, to make progress in accordance with the Construction Schedule, or if the CONTRACTOR fails to make prompt payment to Subcontractors or prompt payment for material or labor, or disregards laws, ordinances or the instructions of the OWNER, or otherwise breaches any provision of the Contract, the OWNER may, without prejudice to any other right or remedy, terminate the Contract by giving written notice to the CONTRACTOR and his surety.

Upon such notification the OWNER shall be entitled to take possession of the Work and of all materials and equipment thereon and finish the Work by whatever method the OWNER may deem expedient, which may include, but is not limited to, the OWNER itself completing the work or the OWNER hiring others to complete said work. In such case, the CONTRACTOR shall not be entitled to receive any further payment until the Work is finished. If the unpaid balance of the Contract Sum shall exceed the expenses of finishing the Work, including additional engineering, architectural, managerial and administrative expenses, and liquidated damages, such excess shall be paid to the CONTRACTOR. If such expenses and damages exceed the unpaid balance of the Contract Sum, the CONTRACTOR shall pay the difference to the OWNER promptly upon demand. In the event of termination pursuant to this paragraph, the CONTRACTOR, upon the request of the OWNER, shall promptly:

- i. assign to the OWNER in the manner and to the extend directed by the OWNER all right, title and interest of the CONTRACTOR under any subcontracts, purchase orders and construction equipment leases to which the CONTRACTOR is a party and which relate to the Work or to construction equipment required therefore, and
- ii. make available to the OWNER to the extent directed by the OWNER all construction equipment owned by the CONTRACTOR and employed in connection with the Work.
- (b) Performance of the Work hereunder may be terminated by the OWNER by giving three (3) days prior written notice to the CONTRACTOR if the OWNER, in its sole discretion, decides to discontinue or suspend construction. In the event of such termination, as opposed to termination pursuant to paragraph (a) of this Article, the Contract Sum shall be reduced in an equitable manner by agreement between the parties.

## Bid Specifications -Pool Shell Resurfacing at Renaud Center (Rebid)

Bid is to provide labor and material for the completion of the resurfacing/replastering of the Renaud Center Pool.

## **General Specifications:**

#### **Plaster**

• It is the desire of the city to replaster the RSC pool with Diamond Bright or a plaster product of the same quality and equal product. It is required that the contractor is a licensed applicator as approved by the manufacturer. We are interested in receiving bid pricing on the following applications:

## **Pool Preparation**

- City staff will drain the pool prior to the start of the project.
- o It is required that the existing marcite surface be water blasted.
- It is required that the hydrostat plugs be removed.
- o A saw-cut must be made around the tile line on all tile.
- The existing pool surface must be checked for hollow areas, and then water blasted to remove the top surface of the plaster.
- Surface shall be structurally sound and free of any foreign substances and debris that could reduce or impair adhesion, free of dirt, oil, grease or other foreign materials. A sound base surface must be achieved to apply a bond coat to.
- All fittings, lights, rope anchors, tile nosing on steps/water benches, and a band under existing tile must be (chipped out/saw cut) to allow for a smooth transition and equal height between plaster and tile.
- It is expected that all tile remains in place or is replaced as needed with the same color and type of tile as existing tile.
- All existing plaster around slide drop zone, play structure basis, and zero depth entry must be (chipped out/saw cut) in a manner so that the surface transitions are smooth and of equal height.
- o Surface defects or holes in the substrate shall be patched per manufacturer's recommendations.
- The pool must be acid washed and neutralized.
- The bond coat is sprayed on to the surface as the final prep stage.
- All plaster debris must be cleaned up and hauled away.
- It is required that air holes along the water bench be sealed up and plastered over. (See location on below layout labeled Exhibit A pool layout).

## **New Plaster Surface Coat**

  - Plaster shall be applied to a uniform thickness of 3/8" to ½" over the entire surface or per manufacture requirements.
- Delivery and storage
  - Deliver manufactured materials to site in manufacturers' original unbroken packages or containers bearing manufacturers' name and brand labels. Keep cementitious materials dry until ready to be used and stored off the ground, under cover and away from damp surfaces.
- Job conditions

Apply plaster in swimming pool only when ambient temperatures is above 40 degrees F and below 90 degrees F, and protect applied plaster from rapid drying. Confirm and comply with all applicable manufacturer's installation requirements.

#### Proportions and Mixing

- Materials are specified on a volume basis and shall be measured in approved containers which will
  ensure that the specified proportions will be controlled and accurately maintained during the
  progress of the work. Measuring materials with shovels ("Shovel count") is not permitted.
- Perform mixing in approved mechanical mixers of the type in which quantity of water can be controlled accurately and uniformly. Do not use any caked or lump materials. Completely empty mixer and mixing boxes after each batch is mixed and keep free of old plaster.

## Patching, pointing, and cleaning up

Upon completion, cut out and patch loose, cracked, damaged, or defective plaster; patches matching existing plaster in texture, color, and finish, flush with adjoining plaster. Perform pointing and patching of surfaces and plasterwork abutting or adjoining any other finish work in a neat and workmanlike manner. If 10 percent or more of the pools plaster finish is found to be defective, the plaster shall be removed and replaced complete from all surfaces. Remove plaster dropping or spattering from all surfaces. Leave plaster surfaces in clean, unblemished condition ready for pool filling. Remove protective covering from adjoining surfaces. Remove rubbish and debris from this site.

#### Workmanship

Unless otherwise required by the manufacturer, apply finish plaster in two coats by "double-back" method with second coat applied as soon as first coat is tamped and initially floated. Apply plaster with sufficient pressure to provide a good bond on bases. Work plaster to screeds at intervals from 5 feet to 8 feet on straight surfaces. Apply smooth trowel finish without waves, cracks, trowel marks, ridges, pits, crazing, discoloration, projections, or other imperfections. Form plaster carefully around curves and angles, well up to screeds. Take special care to prevent sagging and consequent drooping of applications. Produce surfaces free of visible junction marks in finish coat where one day's work adjoins another. Finish plaster as required by the manufacturer.
