I. Meeting:

One representative from TSI attended the meeting and asked three questions regarding information that was listed in the RFP document. City staff directed the representative to the RFP documents for the answers.

II. Other Questions Received:

1. Will there be any boring, trenching, and/or digging? From what I'm reading it consist of pulling fiber through existing pipe, terminating on both ends, and providing the materials to do so. Just want to make sure I'm clear. Any guidance on this would be appreciated.

Answer: All boring, trenching and digging will be completed by City staff ahead of the fiber installation.
