ADDENDUM #1

The purpose of this addendum is to address all questions received on or before 02/26/2025 at 12:00 PM. The time period for questions is closed.

Questions:

1. Where is the concession equipment? The specification looks like the shell and utilities only. I would not know where to leave power outlets or propane connections without having a full equipment list and proposed layout (which we would design if we had the equipment list). I also see no mention about power needs (generator, shore power, both?).

Answer: This specification is a shell. They are selling chips and candy. Propane cages are for future wants. Shore power only.

2. The Bid lists two sinks. While most Health Departments require a minimum of triple sink package w/drainboards and a hand sink w/splash guards. What sinks do you want to install on this Concession Trailer?

Answer: Just two sinks at the front.

3. Do you require an LP System?

Answer: Only cages for possible future LP.

4. Do you require a Fire Suppression System?

Answer: No

5. What size and type of Extraction Roof Vent is required?

Answer: Typical size

6. Do you require a screen door?

Answer: No

7. Do you require open flip up doors with glass & screens?

Answer: Flip up door as stated, no glass and screen.

Reminder:
