INSTRUCTIONS TO BIDDERS

BID REQUIREMENTS:

The City of O'Fallon, Missouri (the "City") <u>requires</u> all bids be submitted on the blank bid form furnished with these contract documents and shall conform to the terms and conditions set forth in the "Instructions to Bidders", "General Conditions" and "Special Conditions" of the contract. Please make and retain a copy of this bid for your records. The bid must be enclosed in a sealed envelope bearing the bid number and the printed title of the bid. Bidders must sign, in ink, the bid form and all other documents where indicated.

Where applicable, the Bidder shall furnish with the bid, one set of all available literature pertaining to the equipment and/or material to be furnished under the bid.

Bidder shall acknowledge receipt of each addendum issued in the space provided on the bid form.

The total price quoted by the Bidder must be the total cost delivered to the location(s) stated in the "Special Conditions" or "Specifications". Bidder must not qualify his bid by stating a F.O.B. location other than such stated location(s).

In the specifications, whenever an article or material is defined by brand name, the name and catalog number of a particular manufacturer, vendor or a limited description, the term "OR APPROVED EQUAL" is written. Any reference to a particular manufacturer's product either by brand name or limited description is only for purposes of setting a standard of performance, quality, composition, construction, or size. If there is any deviation in the pack, source, quality, etc., of an item bid, from that prescribed in the specifications, the appropriate line in the specifications will be ruled out and the substitution clearly indicated.

However, if "OR APPROVED EQUAL" is <u>not</u> written and you cannot bid the specified item, the Bidder may submit an alternate bid. The City will consider the bids covering the specified article or material first.

The City, for cost effective measures, standardizes on specific items; those bids will contain the language "no substitution," and any alternative will not be considered.

ALTERNATE/EQUAL BIDS:

The City recognizes the expertise provided by many bidders and encourages creativity in bidding. Alternates may be considered if the bid submitted clearly indicates what will be furnished and how it will benefit the City. Alternates will be compared to the lowest responsive, responsible bid as specified.

The City reserves the right to approve any material the Bidder proposes to furnish which contains variations from specification requirements, but which may substantially comply.

BONDS:

No bonds are required to be submitted with this bid.

CONTRACT AWARD INFORMATION:

Award notification will be sent to the vendor receiving the award via mail or fax.

Response summaries will be available at www.ofallonmo.gov under Bid Opportunities. This summary of information will include bids that were delivered by the required bid opening date and time.

CONTRACT DOCUMENT COMPONENT PARTS:

The contract documents herein named include all of the following component parts, all of which are fully a part of this contract as if herein set out verbatim, or, if not attached, as if hereto attached.

- 1) Instructions to Bidders
- 2) General Conditions
- 3) Special Conditions
- 4) Bid Form
- 5) References
- 6) Specifications
- 7) Pricing/Signatures
- 8) Any and all addenda to the foregoing

All documents are or will be on file in the office of the City Clerk, City of O'Fallon, MO, 100 North Main, O'Fallon, MO 63366.

DEVIATIONS AND EXCEPTIONS:

Deviations and exceptions shall be described fully, on the Bidder's letterhead, signed, and attached to the Bid Form. In the absence of such statement, the bid shall be considered as if submitted in strict compliance with all terms, conditions, and specifications; the Bidder shall be held liable. Bidders are cautioned to avoid making deviations and exceptions to the specifications, which may result in rejection of their bid.

EXAMINATION BY BIDDER:

The Bidder shall, before submitting his bid, carefully examine the bid, specifications, and contract documents.

If his bid is accepted, he will be responsible for all errors in his bid resulting from his failure or neglect to comply with these instructions.

Unless otherwise provided in the <u>SPECIAL CONDITIONS</u>, when the specifications include information pertaining to preliminary investigations made by the City, such information represents only the opinion of the City as to the location, character or quantity of the materials encountered. That information is only included for the convenience of the Contractor. The City assumes no responsibility whatsoever with respect to the sufficiency or accuracy of the information.

FACSIMILE/E-MAIL TRANSMITTALS:

Facsimile and/or e-mail transmitted bids will not be accepted by the City.

INDEMNITY:

The Contractor shall, at all times, fully indemnify, hold harmless, and defend the City and its officers, members, agents, and employees from and against any and all claims and demands, actions, causes of action, and cost and fees of any character whatsoever made by anyone whomsoever on account of or in any way growing out of the performance of this contract by the Contractor and its employees, or because of any act or omission, neglect or misconduct of the Contractor, its employees and agents or its subcontractors including, but not limited to, any claims that may be made by the employees themselves for injuries to their person or property or otherwise.

Such indemnity shall not be limited by reason of the enumeration of any insurance coverage herein provided.

Nothing contained herein shall be construed as prohibiting the City, its directors, officers, agents, or its employees, from defending through the selection and use of their own agents, attorneys and experts, any claims, actions or suits brought against them.

The Contractor shall likewise be liable for the cost, fees and expenses incurred in the City's or the Contractor's defense of any such claims, actions, or suits.

INTERPRETATION OF CONTRACT DOCUMENTS:

If a potential Bidder is uncertain as to the meaning of any part of the specifications or other contract documents, the bidder is expected to submit questions to the Purchasing Agent. The Purchasing Agent is the point of contact for this bid. All communications regarding this bid packet must be directed to the Purchasing Agent. All contact with the City should be channeled through the Purchasing Agent. No contact with other City employees, officials, or City Council members is to be made by responding proposers throughout the entire process.

If a question can be answered by directing the questioner to a specific section of the bid packet, then the Purchasing Agent may answer the question over the telephone. Other questions may be more complex and may require a written amendment to the specifications. The Purchasing Agent will make this determination. Oral communication is considered unofficial and non-binding on the City. If an amendment to the specifications is issued, it will be provided to all offerors that were issued a copy of the bid packet and to those that have requested a copy of the bid packet from the Purchasing Agent.

Christine Grabin, Purchasing Agent E-mail: CGrabin@ofallonmo.gov

Only questions answered by formal written addenda will be binding. Oral and interpretations or clarifications will be without legal affect.

PREPARATION OF BIDS:

The Bidder shall return his bid on the attached bid forms. <u>Bids must be returned with all pages intact.</u> Please make and retain a copy of this bid for your records. Unless otherwise stated, all blank spaces on the bid page or pages, applicable to the subject specification, shall be correctly filled in. Either a unit price or a lump sum price, or both as the case may be, shall be stated for each and every item, either typed in or printed in ink, in figures, and if required in words. Bidder shall acknowledge receipt of each addendum issued in the space provided on the bid form.

All prices quoted by the Bidder shall be F.O.B. delivered and shall include any and all freight costs to the delivery location(s) specified. The Bidder must not qualify the bid by stating F.O.B. a location other than such stated location(s).

When a bid consists of a number of items, prices must be submitted for all items, unless otherwise directed in the Special Conditions.

Where unit prices are to be bid, and/or where bids are to be made on more than one item, the Bidder shall extend the unit price(s) bid in the places provided on the pricing pages for the approximate quantities, shall compute the total amount of the bid and shall indicate same on the bid page. The Bidder must bid in accordance with the unit(s) of measure called for. If an item is listed by each, the bid price must be entered by each, not dozen or hundred. All extensions and total sums are subject to verification by the City and the correct extensions and sums will be used in the comparison of bids.

Where unit prices are requested, the quantities stated are approximate only. The quantities for all items on which bids are to be received on a unit price basis, will not be used in establishing final payment due the Contractor. Bids will be compared on the basis of number of units stated in the Bid Pricing Section. Contract payment for unit price items will be based on the actual number of units installed in the completed work within the proposed scope of work.

All extensions and total sums are subject to verification by the City and the correct extensions and sums will be used in the comparison of bids. If a discrepancy exists between the unit prices and totals, the unit prices shall prevail. If a discrepancy exists between the total base bid and the true sum of the individual bid items, the true sum shall prevail.

In certain cases, amounts are to be shown in both words and figures. When discrepancies occur between the "Written in Words" and the "In Figures" amounts for the total lump sum bid amount, the "Written in Words" shall govern.

Bidders are warned against making any erasures or alterations of any kind, and bids, that contain omissions, erasures, conditions, alterations, or additions not called for may be rejected. The bidder must fill in all blanks. Use "N/A" or "None" where applicable.

The bid shall be signed by a company officer empowered to bind the company. Failure to sign the bid may cause the bid to be determined to be non-responsive and the bid may be rejected.

SUBMISSION OF BIDS:

All bids must be received in sealed envelopes that have your name and address in the UPPER left corner and the attached label filled in and pasted on the LOWER left corner.

Bids mailed "EXPRESS MAIL" must have bid number and due date on the outside of the EXPRESS MAIL envelope.

The Bidder shall be responsible for delivery of bids to the Purchasing Agent before the date and hour set for the opening of bids. The City assumes no responsibility for delays caused by any delivery service. Postmarking by due date will not substitute for actual receipt by the City. Late bids will not be opened or considered.

END OF INSTRUCTIONS TO BIDDERS

GENERAL CONDITIONS

ADDENDUM AND SUPPLEMENT TO REQUEST:

If it becomes necessary to revise any part of this request or if additional data is necessary to enable the exact interpretation of provisions of this request, revisions will be provided in the form of an Addendum. If revisions are necessary after any mandatory Pre-Bid conference, the revisions will be provided only to those Contractors who will have attended the Pre-Bid conference.

CHANGES:

All changes to this Bid Document shall be amended in written form (Addenda). The Purchasing Agent prior to the scheduled bid opening shall issue such amendments.

The City reserves the right to make any desired change in the specifications after the same shall have been put under contract; but the change so made, with the price to be added or deducted from the contract price, therefore, shall be agreed upon in advance between City and the successful Contractor.

The City shall issue to the successful Contractor a written change order to the original contract; such change orders shall be binding upon both parties thereto and shall in no way invalidate or make void the terms of the original contract not modified by such change.

No claim based on oral changes will be allowed.

CONTRACTOR PERFORMANCE:

The Instructions to Bidders, Bid Form, General Conditions, Special Conditions, contract specifications and attached exhibits shall together constitute the Contract. The Contractor hereby asserts that it has read the specifications, and that it is thoroughly informed and familiar as to their contents and requirements. All items shall be supplied in strict accordance with the specifications. The Contractor's performance under the terms of this Contract shall be to the satisfaction of the City.

DISCLAIMER:

RESERVED BY OWNER

The City reserves the right to reject any or all bids failing to meet the City's specifications or requirements and to waive technicalities. If in the City's opinion, the lowest bid is not the most responsible bid, considering value received for monies expended, the right is reserved to make awards as determined solely by the judgment of the City. In determining the lowest responsible bidder, the City shall take into consideration the qualities of the articles supplied, their conformity with the specifications, and their suitability to the requirements of the City and the delivery terms. Intangible factors, such as the Contractor's reputation and past performance, will also be weighed.

The Contractor's failure to meet the mandatory requirements will result in the disqualification of the Contractor's bid from further considerations.

The City further reserves the right to reject all bids and obtain goods or services through intergovernmental or cooperative agreements.

Submission of a bid confers no rights on the Contractor to a selection or to a subsequent contract. This Invitation to Bid process is for the City's benefit only and is intended to provide the City with competitive information to assist in selection of services. All decisions on compliance, evaluation, terms and conditions shall be made solely at the City's discretion and shall be made to favor the City.

DRUG FREE WORKPLACE:

The Contractor (whether an individual or company) agrees to provide a drug free workplace.

ENDORSEMENTS:

Contractor shall not use the City in any form of endorsement to any third-party without the Buyer's written permission.

EXECUTION OF CONTRACT:

The bidder to whom the contract has been awarded shall sign one (1) copy of the contract and return it to the City within seven (7) calendar days after receipt of the contract. Failure to execute the contract and return it to the City within seven (7) calendar days after receipt of the contract shall be cause for the annulment of the contract award and the forfeiture of the bid security to the City.

If circumstances beyond the Contractor's control prohibit a timely execution of this contract, prior written approval must be requested by the Contractor and receive approval from the City for an extension to the delivery date.

SAFETY DATA SHEETS:

If applicable, Contractor shall furnish and submit, to the City, Safety Data Sheets for their products upon award of Contract.

F.O.B.:

All goods are to be shipped prepaid, F.O.B. destination. Shipments sent C.O.D. without City's written consent will not be accepted and will at Contractor's risk and expense, be returned to Contractor. Unauthorized shipments are subject to rejection and return at Contractor's expense.

HOLDING OF BIDS:

Contractor may withdraw their bids at any time prior to the time specified as the closing time for the receipt of bids. However, no Contractor shall withdraw or cancel his bid for a period of ninety (90) calendar days after said closing time for the receipt of bids.

LAW GOVERNING:

All State of Missouri and/or Federal Laws shall be hereby specifically made a part of this contract as set forth herein.

LIENS, CLAIMS, AND ENCUMBRANCES:

Contractor warrants and represents that all the goods and materials ordered herein are free and clear of all liens, claims, or encumbrances of any kind.

MISCELLANEOUS REQUIREMENTS:

The City <u>will not</u> be responsible for any expenses incurred by the Contractor in preparing and submitting a Bid. All Bids shall provide a straightforward, concise delineation of your capabilities to satisfy the requirements of this request. Emphasis should be on completeness and clarity of content.

The Contractor is prohibited from assigning, transferring, conveying, subletting, or otherwise disposing of this agreement or its rights, title of interest therein or its power to execute such agreement to any other person, company or corporation without the previous consent and approval in writing by the City.

NON-DISCRIMINATING:

The Contractor, its employees, and subcontractors, agree not to commit unlawful discrimination and agree to comply with applicable provisions of the, the U.S. Civil Rights Act and Section 504 of the Federal Rehabilitation Act, and rules applicable to each.

Firm shall comply with Section 285.525 – 285.550 RSMo regarding enrollment in a federal work authorization program. A signed, notarized affidavit (attached) and supporting documentation affirming enrollment in a federal work authorization program must be submitted with proposal. Failure to comply with this provision may result in rejection of proposal.

E-VERIFY:

Company shall be E-Verify compliant and shall provide documentation to support this requirement within the proposal including the memorandum of understanding (MOU) and the electronic signature page completed in its entirety.

NON-EXCLUSIVITY:

Nothing herein is intended nor shall be construed as creating any exclusive arrangement with Vendor.

PATENTS:

Contractor undertakes and agrees to defend at Contractor's own expense, all suits, actions, or proceedings against buyer, in which City, and of Contractor's suppliers, contractors, distributors or dealers, or the users of any of Contractor's products are made defendants for actual or alleged infringement of any U.S. or foreign letters patent resulting from the use or sale of the items purchased hereunder. Contractor shall inform the City whenever infringement will result from Contractor's adherence to specifications supplied by the City or by an authorized City Representative. Contractor further agrees to pay and discharge any and all judgments or decrees, which may be rendered in any such suit, action or proceedings against City therein.

PAYMENT:

The goal of the City is to pay properly submitted Contractor invoices within thirty (30) days of receipt, providing goods have been delivered, approved, and accepted by an authorized City Representative. Original invoices must be presented for payment in accordance with instructions contained on the Purchase Order including reference to Purchase Order number and submitted to the correct address for processing.

TAX:

The City is not responsible for and will not pay local, Federal Excise Tax or Missouri Sales Tax. A copy of the exemption letter is available upon written request.

TERMS/CANCELLATION AND DAMAGES:

This contract may be terminated by either or both parties upon thirty (30) days written notice or upon mutual agreement of both parties.

If the City because of the Contractor's breach terminates this Contract, the City shall have the right to purchase equipment elsewhere and to charge the Contractor with any additional cost incurred.

Notwithstanding the above, the Contractor shall not be relieved of any liability to the City for damages sustained by the City by virtue of any breach of this contract by the Contractor and the City may withhold any payments to the Contractor until such time as the amount of such damages due the City from the Contractor shall be determined.

TRANSFER OF OWNERSHIP OR ASSIGNMENT:

The terms and conditions of this contract shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors and assigns.

Prior to any sales or assignments, the City must be notified and approve same in writing. The City shall have right of first refusal.

END OF GENERAL CONDITIONS

SPECIAL CONDITIONS

DELIVERY REQUIREMENTS:

In this contract, time is of the essence. All freight and delivery charges are to be included in the costs entered on the bid pricing page. Under no circumstances will the City be liable for additional delivery charges.

The successful bidder's performance under the terms and conditions of this contract shall be satisfactory to the City.

All deliveries shall be made between the hours of 7:00 a.m. and 3:00 p.m. unless other arrangements have been made.

PRICING:

The pricing stated by the bidder in the bid documents shall remain firm for a one (1) year period from the start date of the contract. No price increases will be allowed for the duration of the contract. Price decreases are allowed at any time.

RENEWAL & EXTENSION:

The successful bidder will be awarded a one (1) year agreement effective the date of award. Prices must not be increased for the entire agreement period. At the City's option, the agreement may be renewed for one (1) additional one (1) year period at the terms of the original contract, executable solely at the discretion of the owner upon acceptance by the company. In no event shall the term plus renewal exceed two (2) years.

The items purchased under this agreement may be subject to a price increase at the time of renewal, by mutual agreement. Request for a price increase must be presented to the City at least sixty (60) days before the expiration of the current agreement. If a request for increase is not presented, the prices will remain. Price decreases are allowed at any time.

END OF SPECIAL CONDITIONS

INSURANCE REQUIREMENTS

GENERAL:

The Vendor shall respond to these specifications as an independent contractor and not as an employee of the City of O'Fallon.

WORKER'S COMPENSATION INSURANCE:

The Vendor shall procure and shall maintain during the Term of the Agreement, Worker's Compensation Insurance for all of its employees to be engaged and perform work under the Agreement, and in case such work is sublet, the Concessionaire shall require the subcontractor similarly to provide Worker's Compensation Insurance for all such employees to be engaged by the Vendor for such work unless such employees are covered by the protection afforded by the Vendor's Worker's Compensation Insurance. In the event any class of employees engaged in hazardous work under the Agreement is not protected under the Worker's Compensation statute, the Vendor shall provide and shall cause such subcontractor to provide adequate Employer's Liability insurance for the protection of its employees not otherwise protected.

Commercial General Liability Insurance:

The Vendor shall carry public and property damage insurance which shall include bodily injury and accidental death to any person and subject at the minimum limits set forth below:

Liability Limits \$3,500,000/Per Occurrence

\$3,500,000/General Aggregate

\$3,500,000 Products/Completed Operations aggregate

An umbrella/excess liability policy can be used to attain the

required limits.

Commercial Automobile Liability Insurance:

The Vendor shall maintain Commercial Automobile Liability Insurance Coverage in the amounts not less than the minimum limits set forth below:

Bodily Injury and Property Damage \$3,500,000 Combined Single Liability Limit

An umbrella/excess liability policy can be used to attain the

required limits.

OTHER INSURANCE PROVISIONS/ENDORSEMENTS:

An original Certificate of Insurance from the company or authorized agent of record must be furnished to the City, provide that the City of O'Fallon is an "Additional Insured" on the Vendor's Commercial General Liability policy during the Term of the Agreement, and a copy of such "Additional Insured" endorsement must accompany the insurance certificate. Both the General Liability and Automobile Liability insurance policies are to contain, or be endorsed to contain, the following provision: Vendor and its insurer shall waive any right of subrogation against the City. This requirement of insurance does not limit the Vendor's liability under the Agreement in any manner.

CHANGES IN INSURANCE COVERAGE:

The Contractor shall notify the City of changes in insurance coverage in writing within thirty (30) days.

INDEMNITY:

The Contractor shall, at all times, fully indemnify, hold harmless, and defend the City and its officers, members, agents, and employees from and against any and all claims and demands, actions, causes of action, and cost and fees of any character whatsoever made by anyone whomsoever on account of or in any way growing out of the performance of this contract by the Contractor and its employees, or because of any act or omission, neglect or misconduct of the Contractor, its employees and agents or its subcontractors including, but not limited to, any claims that may be made by the employees themselves for injuries to their person or property or otherwise. Such indemnity shall not be limited by reason of the enumeration of any insurance coverage herein provided.

Nothing contained herein shall be construed as prohibiting the City, its directors, officers, agents, or its employees, from defending through the selection and use of their own agents, attorneys and experts, any claims, actions or suits brought against them.

The Contractor shall likewise be liable for the cost, fees and expenses incurred in the City's or the Contractor's defense of any such claims, actions, or suits.

The Contractor shall be responsible for any damages incurred as a result of its errors, omissions or negligent acts and for any losses or costs to repair or remedy construction as a result of its errors, omissions or negligent acts.

INSURANCE RATING:

All of the above-specified types of insurance shall be obtained from companies that have at least an A-VII rating in Best's Guide or the equivalent.

SURVIVAL OF INDEMNIFICATION:

The indemnification described above shall not be limited by reason of the enumeration of any insurance coverage herein provided, and it shall survive the termination of the Contract for claims arising from events occurring while the Contract is in force.

NOTICE OF LAWSUIT:

Within sixty (60) days of service of process, the City shall notify the Contractor of any lawsuit involving the indemnification provided for above. Failure to provide such notice shall not relieve the Contractor of its obligation to provide indemnification. However, the City shall be responsible for any additional costs of defense incurred due to their failure to provide such notice within sixty (60) days.

CHOICE OF LEGAL COUNSEL:

The contractor shall provide coverage as stipulated in the contract. In the event of a proceeding, the City retains the right to approve legal counsel for claims brought against the City.

DISPUTES:

Any dispute arising out of this agreement will be resolved under the laws of the State of Missouri.

MISSOURI DOMESTIC PRODUCTS PROCUREMENT ACT

The bidder's attention is directed to the Missouri Domestic Products Procurement Act, Sections 34.350 to 34/359, RsMO, which requires all manufactured goods or commodities used or supplied in the performance of this contract or any subcontract to be manufactured or produced in the United States.

Section 34.355, RsMO, requires the vendor or contractor to certify his compliance with Section 34.353 and, if applicable, Section 34.359, RsMO, at the time of bidding **and** prior to payment. Failure to comply with Section 34.353, RsMO, during the performance of the contract **and** to provide certification of compliance prior to payment will result in nonpayment for those goods or commodities.

Section 34.353.2, RsMO, specifies that it does not apply where the total contract is less than Twenty-Five Thousand Dollars (\$25,000.00). If your total bid is Twenty-Five Thousand Dollars (\$25,000.00) or more, you **must** complete this form as directed below.

Failure to complete and return this document with this bid will cause the State to presume the manufactured goods or products listed in the bid are not manufactured or produced in the United States, and the bid will be evaluated on that basis. Please read the certification appearing below on this form.

[] If all the goods or products specified in the attached bid which the bidder proposes to supply to the State shall be

	e attached bid which the bidder proposes to supply to the State shall be defined in Section 34.350, RsMO, check the box at left.
	products specified in the attached bid is manufactured or produced in the check the box at left and list the items (or item number) here:
not manufactured or produced in the "United States" below, by item (or item number), the country other th	ed in the attached bid which the bidder proposes to supply to the State are as defined in Section 34.350, RsMO, then: (a) check the box at left; (b) list an the United States where each good or product is to the left of the paragraphs below if applicable and list the corresponding
Item (or item number)	Location Where Item Manufactured or Produced
item (or item number)	Location where item manufactured of Floudced
item (or item number)	Location where item Manufactured of Produced
item (or item number)	Location where item manufactured of Froduced
item (or item number)	Location where item Manufactured of Produced
	an additional sheet if necessary)

CERTIFICATION

By submitting this document, completed as directed above, with a bid, the bidder certifies under penalty of making false declaration (Section 575.060, RsMO) that the information contained in this document if true, correct and complete, and may be relied upon by the City in determining the bidder's qualifications under and in compliance with the Missouri Domestic Products Procurement Act. The bidder's failure to complete and return this document with the bid as directed above will cause the City to presume the manufactured goods or products listed in the bid are not manufactured or produced in the United States, and the bid will be evaluated on that basis pursuant to Section 34.353.3(2), RsMO.

CERTIFICATION OF COMPLIANCE WITH SECTION 34.600 RSMO., SUPP. 2020

(Does not apply to contracts totaling less than \$100,000, or to contractors with fewer than 10 employees)

NOTE: Missouri law prohibits any public entity from entering into a contract to acquire or dispose of services, supplies, information technology or construction unless the contract includes a written certification that the company is not currently engaged in and shall not, for the duration of the contract, engage in a boycott of goods or services from the state of Israel; companies doing business in or with Israel or authorized by, licensed by or organized under the laws of the state of Israel; or person or entities doing business in the state of Israel. I am _____ (name), and I am the _____ (title) (company name) a (circle one) corporation, partnership, sole proprietorship, limited liability company, and am competent and authorized to make the following statement and attest to its truthfulness: I hereby certify that the company is not currently engaged in and shall not, for the duration of this contract, engage in a boycott of goods or services from the State of Israel; companies doing business in or with Israel or authorized by, licensed by or organized under the laws of the State of Israel; or persons or entities doing business in the State of Israel, in accordance with the terms and conditions set forth in Section 34.600 RSMo, Supp. 2020. OR: The business employs fewer than 10 employees. Company Name Signature

Specifications and Pricing

Company Name:	· · · · · · · · · · · · · · · · · · ·
---------------	---------------------------------------

The City of O'Fallon is soliciting sealed bids to furnish the Water and Sewer departments with the supplies listed below. Items will be purchased on an as-needed basis.

Any manufacturers' names, trade names, brand names, information and/or catalog numbers listed in this specification are descriptive, not restrictive. The bidder may offer any product that meets or exceeds the applicable specifications. The bidder must demonstrate comparability, by including appropriate catalog materials, literature, specifications, test data, etc. The City shall determine in its sole discretion whether a product is acceptable as an equivalent.

The City reserves the right to not purchase any of the items listed, as well as awarding multiple suppliers based on the lowest and/or best bid per item.

PIPE:

- A. **Copper Tube**: Copper tubing shall be Type K meeting the requirements of Federal Specification WW-T 7996 and conforming to ASTM B-75, B-88 and B-68 as they apply to Type K Copper Tubing.
- B. **Ductile Iron Pipe (4-inch to 16-inch)**: Ductile iron pipe used for exterior piping shall be manufactured in accordance with the latest revision of AWWA/ANSI C151/A21.51. Ductile Iron pipe shall be Class 52, centrifugally cast, double cement lined in accordance with AWWA/ANSI C104/A21.4, push-on joint or mechanical joint type, unless otherwise specified on the Drawings. Ductile iron pipe shall be supplied in 18-20 foot lengths with factory applied bituminous coatings in accordance with AWWA C151.
- C. **PVC Pipe and Fittings (Water)**: Polyvinyl chloride (PVC) pipe and fittings shall be blue or white unplasticized PVC plastic pressure pipe with integral bell and spigot joints for the conveyance of water. This pipe shall meet the requirements of AWWA Standard C900, "Polyvinyl Chloride (PVC) Water Distribution Pipe" and shall be manufactured by North American Specialty Products, J-M Manufacturing Company, Harvel Plastics Inc., or equal. All pipe shall be suitable for use as pressure conduit. The bell shall consist of an integral wall section with a factory installed, solid cross-section elastomeric gasket, which meets the requirements of ASTM F477. The bell section shall be designed to be at least as hydrostatically
- strong as the pipe barrel and meet the requirements of AWWA C900. The joint design shall meet the requirements of ASTM D3139. Pipe shall be DR18, and pressure rating shall be a minimum of 235 pounds per square inch (PSI). All bolts, nuts, washers, and other fastening devices shall be designed for use in corrosive service environments. All fastening devices shall be Type 316 stainless steel and conform to ASTM F 593 and ASTM F 594 standards. All nuts and bolts shall be installed with an antiseize compound of molybdenum disulfite base. All PVC pipe must have 12-gauge tracer wire installed below the pipe and warning tape installed 1-foot above the pipe during installation.
- D. **PVC Pipe and Fittings (Sewer)**: Polyvinyl chloride (PVC) pip and fittings 8 inches and above in diameter for gravity sanitary sewer pies shall conform to the standards in ASTM-D3034. Bell and spigot end pipe shall be used unless otherwise specified at time of order. Pipe diameters below 8 inches shall be Sch 40 or SDR 26 class pipe. SDR 26 Class pipe shall be Bell and Spigot style with rubber gaskets to seal the connections.

- E. **Pipe and Fittings (Stormwater)**: All stormwater pipes shall be polypropylene style pipe consistent with ADS SaniTite or Reinforced Concrete Pipe.
 - Polypropylene pipe and fittings shall meet ASTM F2764 standards and pipe shall consist of a gasketed bell and spigot connection on either end.
 - Reinforced Concrete Pipe shall meet the standards in ASTM C-76 and shall consist of a
 gasketed bell and spigot at either end of the pipe. The shape dimensions and tolerance of the
 bell and spigot shall meet ASTM C443 standards.

GATE VALVES, FITTINGS, and STOPS:

- A. **Fittings**: Pipe fittings shall be ductile iron, cement lined fittings. All fittings, except those associated with the flange pipe systems, shall have mechanical joints. The fittings shall be designed in accordance with the latest revision of AWWA/ANSI C153/A21.53 or AWWA/ANSI C110/A21.10, ductile iron and rated for 350 PSI working pressure for 3-inch through 24-inch diameter (250 PSI working pressure; 30-inch through 48-inch). All exterior fittings are to be bituminous coated, cement lined and seal-coated as previously specified for ductile iron pipe.
- B. **Accessories**: Accessories such as gaskets, glands, bolts, nuts, etc., shall be designed in accordance with AWWA/ANSI C-111/A21.11 and shall be furnished as required to make all piping systems complete.
- C. Gate valves: Gate valves shall be manufactured in accordance with the latest revision of ANSI/AWWA C-515. Gate valves shall be OPEN LEFT (COUNTER-CLOCKWISE), mechanical joint, resilient wedge, non-rising stem type, designed for minimum 250-PSI working pressure. Gate valves shall meet or exceed requirements AWWA C-515 of latest revision, shall be UL listed and FM approved. The valves shall be manufactured of high-strength ductile iron with a wall thickness meeting or exceeding the requirements of AWWA C-515. The wedge shall be ductile iron, gray iron, or copper alloy fully encapsulated in rubber in accordance with AWWA C-515, provided with protective wedge guide covers, symmetrical and shall seal equally well with flow in either direction. Valve stems shall be sealed by three (3) O-rings, with two (2) of the O-rings residing above the thrust collar. O-rings above the thrust collar shall be replaceable under full working pressure and with the valve in the full open position. Exterior nuts and bolts shall be type 304 stainless steel, with hexagonal heads and with dimensions conforming to ANSI B18.2.1. The operating nut shall be 2-inch square, ductile iron and constructed to ensure even valve operating input torque. Valve body gaskets shall be of the pressure energized O-ring style. The waterway shall be smooth and oversized with no depressions or cavities in the seat area that will allow foreign material to accumulate and affect closure or sealing. The valve body and bonnet shall be fusion bonded epoxy coated, inside and out per AWWA C-550. The coating shall be electro-statically applied prior to assembly and certified to ANSI/NSF 61 Standard. The valves shall be of the non-rising stem design with sealing accomplished by double "O" rings. Gate valves shall be fully assembled in the USA according to AWWA Specifications.
- D. **Hydrants** shall be Mueller Super Centurion 250, as manufactured by Mueller Water Products, Inc., of Atlanta, Georgia; American Darling B-84-B-5, as manufactured by AMERICAN Flow Control of Birmingham, Alabama; or Guardian K-81A, as manufactured by Kennedy Valve, of Elmira, New York; or approved equal. Hydrants shall be fully assembled, and factory tested in the USA according to AWWA Specifications, shall be traffic type designed for installation in a trench that will provide forty-two (42) inches minimum cover, shall be rated for 250 PSI working pressure, and shall have a 5-1/4-inch main valve opening. Hydrant shoe shall be MJ and fusion applied epoxy coated. All bolts and nuts below ground level shall be stainless steel and shall not be metric. Hydrants shall be equipped with one 4-1/2-inch steamer nozzle and two 2-1/2-inch hose nozzles. All nozzles shall be National Standard Thread. Hydrants shall open left (counter-clockwise) and must be marked with an arrow and the word "OPEN" cast into the body or bonnet of the hydrant to indicate the direction to turn the stem to open the hydrant.

- E. **Corporation Stops**: Corporation stops shall be as manufactured by A.Y. McDonald, Ford, Mueller or approved equal, conforming to the latest revision of AWWA Standard C800 and shall be individually inspected and tested for leaks by air pressure under water. Corporation stops shall be ball type, straight-through/full port design, with AWWA Standard (CC) inlet threads and compression outlet, designed to prevent blow-out and shall be bubble-tight at 300 PSIG working pressure. The stop shall be "No-Lead Brass", defined for this specification as UNS Copper Alloy No. C89520 or C89833 in accordance with the chemical and mechanical requirements of ASTM B584 and AWWA C-800 with double O-ring type Buna-N seals. The ball shall be coated with a nontoxic, non-water soluble, self-lubricating film (Teflon or equal). Corporation stops shall be capable of being installed using a standard tapping machine.
- F. **Curb Stops**: Curb stops shall be as manufactured by A.Y. McDonald, Ford, Mueller or approved equal, conforming to the latest revision of AWWA Standard C800 and shall be individually inspected and tested for leaks by air pressure under water. Curb stops shall be ball type, straight-through/full port design, rated for 150 PSIG working pressure, with compression joints on both ends, a drain and shall be open right. The stop shall be "No-Lead Brass", defined for this specification as UNS Copper Alloy No. C89520 or C89833 in accordance with the chemical and mechanical requirements of ASTM B584 and AWWA C-800 with double O-ring type Buna-N seals and positive shut-off in either direction. The ball shall be coated with a nontoxic, non-water soluble, self-lubricating film (Teflon or equal).
- G. **Unions**: Unions shall meet or exceed AWWA C800 standards, be compression type, with a pressure rating greater than the valve or fitting with which the union is used.
- H. **Repair Clamps**: Shall be equal to Ford, Mueller, or ROMAC single band, stainless steel 6 inches through 20 inches.
- I. **Couplings**: Shall be equal to Ford, Mueller, or ROMAC, certified to meet ANSI/NSF 61 standard and applicable requirements of AWWA C219. The sleeve shall be fusion bonded, epoxy coated ductile iron, meeting or exceeding the requirements of ASTM A-536. End rings shall be color coded for pipe type and constructed of ductile iron, meeting or exceeding the requirements of ASTM A-536. The gaskets shall be Styrene Butadiene Rubber (SBR) in accordance with ASTM D 2000 embossed with size and end ring color code. The nuts and bolts shall be steel conforming to the standards of ASTM A242 and AWWA C11. 2 Bolt Coupling System shall be equal to Top Bolt or Hymax, certified to meet ASTM D2000 standard.

Couplings shall be rated for a minimum working pressure of 250 PSI.

- J. **Valve Boxes**: Each exterior valve shall be provided with a valve box. Valve boxes shall be cast iron and of the slide or screw type depending on the location. They shall be so designed and constructed as to prevent the direct transmission of traffic loads to the pipe or valve. The box shall be adjustable through at least 6 inches vertically without reduction of lap between sections to less than 4 inches. The length shall be as necessary to suit the ground elevation. The inside diameter of the box shall be at least 5-1/4 inches. Covers shall be close fitting and substantially dirt-tight with the word "WATER" cast in. The top of the cover shall be flush with the top of the box rim.
- K. **Service Boxes**: Shall be manufactured in the United States, Buffalo style, slide type, with the top, cover and base constructed of heavy cast iron. The cover shall fit flush with the top of the box and be a locking type with a brass pentagonal nut and the word "WATER" cast in the cover.
- L. **Tapping Sleeves**: Unless otherwise specified, sleeves shall be ductile iron construction meeting ASTM A536 Grade 65-45-12 and rated for 250 PSIG maximum working pressure. The sleeve shall be coated with asphaltic varnish and shall be certified to the requirements of ANSI/NSF-61. Side flange seals shall be of the O-ring type, either round, oval or rectangular in cross-sectional shape. Tapping sleeves shall include end joint accessories and split glands necessary to assemble the sleeve to the pipe. Tapping sleeves 12-inch and smaller shall be capable of working on Class ABCD pipe diameters

without changing either half of the sleeve. Tapping sleeves for pipe sizes greater than 12-inch shall be field measured to determine class required. Outlet flanges dimensions and drilling shall comply with ANSI B16.1, Class 125 and with MSS SP-60. All valves furnished shall be open right and shall be in accordance with valve requirements specified herein. Verify pipe material and diameter in the location sleeve will be installed.

M. **Service Saddles**: Service saddles shall have high strength ductile iron body per ASTM A536 with a fusion applied epoxy coating, 18-8 type 304 stainless steel NC threaded bolts, 18-8 type 304 stainless steel fluorocarbon coated heavy hex nuts and washers made from with welds fully passivated for corrosion resistance, 18-8 type 304 stainless steel band with a 3-1/4-inch minimum width, Buna-N rubber per ASTM D2000, and CC threads per AWWA C800. Saddles shall be pre-sized when used on C900 PVC pipe and shall be rated at 250 PSIG maximum working pressure. Brass bodied service saddles must conform to AWWA Standard C800 (ASTM B62 and ASTM B584, UNS NO 83600 – 85-5-5). All saddles are to be held together with silicon bronze bolts. All brass-bodied service saddles must have a minimum working pressure of 150 psi.

ACCESSORIES:

- A. **General**: Provide anchorages for tees, plugs, caps, and bends. After installation, apply a full coat of asphalt or other acceptable corrosion-retarding material to surfaces of rods and clamps.
- B. Clamps, Straps and Washers: Steel, ANSI/ASTM A506.
- C. Rods: Steel, ANSI/ASTM A575.
- D. Rod Couplings: Malleable iron, ANSI/ASTM A197.
- E. Bolts: Steel, ANSI/ASTM A307.

Blue Fluoropolymer Coated, ANSI/AWWA C111/A21.11

- F. Cast Iron Washers: ANSI/ASTM A126, Class A.
- G. **Pipe Lubricant**: Suitable for use in potable water supply.
- H. **Mechanical Joint Restraint**: Shall consist of multiple gripping wedges incorporated into a follower gland meeting the applicable requirements of ANSI/AWWA C110/A21.10, with a working pressure rating of 350 PSI for 3 through 16-inch, 250 PSI for 18 through 48-inch and 200 PSI for 54-inch. Ratings shall be for water pressure and must include a minimum safety factor of 2 to 1 in all sizes. Gland body, wedges and wedge actuating components shall be ductile iron.
- I. **Precast Manholes:** Precast Concrete Manhole parts shall meet ASTM C478 standards and shall be constructed using Type II Portland cement. When used for sanitary sewer it shall have a waterproof coating around the exterior surface/s.

RENEWAL CLAUSE:

In the event that the City of O'Fallon exercises its options to renew the contract for one (1) additional year periods pursuant to the applicable provisions outlined in this document, the Bidder shall provide below, the maximum percentages of increase or maximum percentage of decrease for each renewal period. The bidder is cautioned that the percentages shall be computed against the <u>ORIGINAL</u> contract/unit prices during renewal periods. Furthermore, the Bidder is advised that the City does not automatically grant increases at the time of renewing the contract.

Optional Year 1 Renewal:			
1 st Renewal Period Maximum % Increase over Original Year 1 Bid Price:	%		
1 st Renewal Period Maximum % Decrease over Original Year 1 Bid Price:	%		

Exception Sheet

If the item(s) and/or services proposed in the response to this bid is in any way different from that contained in this proposal or bid, the bidder is responsible to clearly identify all such differences in the space provided below. Otherwise, it will be assumed that the bidder's offer is in total compliance with all aspects of the proposal or bid.

Below are the exceptions or differences to the stated specifications (attach additional sheets as needed):
