INSTRUCTIONS TO BIDDERS

BID REQUIREMENTS:

The City of O'Fallon, Missouri (the "City") **requires** all bids be submitted on the blank bid form furnished with these contract documents and shall conform to the terms and conditions set forth in the "Instructions to Bidders", "General Conditions" and "Special Conditions" of the contract. Please make and retain a copy of this bid for your records. The bid must be enclosed in a sealed envelope bearing the bid number and the printed title of the bid. Bidders must sign, in ink, the bid form and all other documents where indicated.

Where applicable, the Bidder shall furnish with the bid, one set of all available literature pertaining to the equipment and/or material to be furnished under the bid.

Bidder shall acknowledge receipt of each addendum issued in the space provided on the bid form.

The total price quoted by the Bidder must be the total cost delivered to the location(s) stated in the "Special Conditions" or "Specifications". Bidder must not qualify his bid by stating a F.O.B. location other than such stated location(s).

In the specifications, whenever an article or material is defined by brand name, the name and catalog number of a particular manufacturer, vendor or a limited description, the term "OR APPROVED EQUAL" is written. Any reference to a particular manufacturer's product either by brand name or limited description is only for purposes of setting a standard of performance, quality, composition, construction or size. If there is any deviation in the pack, source, quality, etc., of an item bid, from that prescribed in the specifications, the appropriate line in the specifications will be ruled out and the substitution clearly indicated.

However, if "OR APPROVED EQUAL" is not written and you cannot bid the specified item, the Bidder may submit an alternate bid. The City will consider the bids covering the specified article or material first.

The City, for cost effective measures, standardizes on specific items; those bids will contain the language "no substitution," and any alternative will not be considered.

ALTERNATE/EQUAL BIDS:

The City recognizes the expertise provided by many bidders and encourages creativity in bidding. Alternates may be considered if the bid submitted clearly indicates what will be furnished and how it will benefit the City. Alternates will be compared to the lowest responsive, responsible bid as specified.

The City reserves the right to approve any material the Bidder proposes to furnish which contains variations from specification requirements but which may substantially comply.

CONTRACT AWARD INFORMATION:

Award notification will be sent to the vendor receiving the award via mail or fax.

Response summaries will be available at www.ofallonmo.gov under Bid Opportunities. This summary information will include bids that were delivered by the required bid opening date and time.

CONTRACT DOCUMENT COMPONENT PARTS:

The contract documents herein named include all of the following component parts, all of which are fully a part of this contract as if herein set out verbatim, or, if not attached, as if hereto attached.

- 1) Instructions to Bidders
- 2) General Conditions
- 3) Special Conditions
- 4) Bid Form
- 5) References
- 6) Specifications
- 7) Pricing/Signatures
- 8) Any and all addenda to the foregoing

All documents are or will be on file in the office of the City Clerk, City of O'Fallon, MO, 100 North Main, O'Fallon, MO 63366.

DEVIATIONS AND EXCEPTIONS:

Deviations and exceptions shall be described fully, on the Bidder's letterhead, signed, and attached to the Bid Form. In the absence of such statement, the bid shall be considered as if submitted in strict compliance with all

terms, conditions, and specifications; the Bidder shall be held liable. Bidders are cautioned to avoid making deviations and exceptions to the specifications, which may result in rejection of their bid.

EXAMINATION BY BIDDER:

The Bidder shall, before submitting his bid, carefully examine the bid, specifications and contract documents.

If his bid is accepted, he will be responsible for all errors in his bid resulting from his failure or neglect to comply with these instructions.

Unless otherwise provided in the SPECIAL CONDITIONS, when the specifications include information pertaining to preliminary investigations made by the City, such information represents only the opinion of the City as to the location, character or quantity of the materials encountered. That information is only included for the convenience of the Contractor. The City assumes no responsibility whatsoever with respect to the sufficiency or accuracy of the information.

FACSIMILE/E-MAIL TRANSMITTALS:

Facsimile and/or e-mail transmitted bids will not be accepted by the City.

INDEMNITY:

The Contractor shall, at all times, fully indemnify, hold harmless, and defend the City and its officers, members, agents, and employees from and against any and all claims and demands, actions, causes of action, and cost and fees of any character whatsoever made by anyone whomsoever on account of or in any way growing out of the performance of this contract by the Contractor and its employees, or because of any act or omission, neglect or misconduct of the Contractor, its employees and agents or its subcontractors including, but not limited to, any claims that may be made by the employees themselves for injuries to their person or property or otherwise.

Such indemnity shall not be limited by reason of the enumeration of any insurance coverage herein provided.

Nothing contained herein shall be construed as prohibiting the City, its directors, officers, agents, or its employees, from defending through the selection and use of their own agents, attorneys and experts, any claims, actions or suits brought against them.

The Contractor shall likewise be liable for the cost, fees and expenses incurred in the City's or the Contractor's defense of any such claims, actions, or suits.

INTERPRETATION OF CONTRACT DOCUMENTS:

If a potential Bidder is uncertain as to the meaning of any part of the specifications or other contract documents, the bidder is expected to submit questions to the Purchasing Agent. The Purchasing Agent is the point of contact for this bid. All communications regarding this bid packet must be directed to the Purchasing Agent. All contact with the City should be channeled through the Purchasing Agent. No contact with other City employees, officials, or City Council members is to be made by responding proposers throughout the entire process.

If a question can be answered by directing the questioner to a specific section of the bid packet, then the Purchasing Agent may answer the question over the telephone. Other questions may be more complex and may require a written amendment to the specifications. The Purchasing Agent will make this determination. Oral communication is considered unofficial and non-binding on the City. If an amendment to the specifications is issued, it will be provided to all offerors that were issued a copy of the bid packet and to those that have requested a copy of the bid packet from the Purchasing Agent.

Garrett O'Mara, Purchasing Agent
E-mail: gomara@ofallonmo.gov

Only questions answered by formal written addenda will be binding. Oral and interpretations or clarifications will be without legal affect.

PREPARATION OF BIDS:

The Bidder shall return his bid on the attached bid forms. **Bids must be returned with all pages intact.** Please make and retain a copy of this bid for your records. Unless otherwise stated, all blank spaces on the bid page or pages, applicable to the subject specification, shall be correctly filled in. Either a unit price or a lump sum price, or both as the case may be, shall be stated for each and every item, either typed in or printed in ink, in figures, and if required in words. Bidder shall acknowledge receipt of each addendum issued in the space provided on the bid form.

All prices quoted by the Bidder shall be F.O.B. delivered and shall include any and all freight costs to the delivery location(s) specified. The Bidder must not qualify the bid by stating F.O.B. a location other than such stated location(s).

When a bid consists of a number of items, prices must be submitted for all items, unless otherwise directed in the Special Conditions.

Where unit prices are to be bid, and/or where bids are to be made on more than one item, the Bidder shall extend the unit price(s) bid in the places provided on the pricing pages for the approximate quantities, shall compute the total amount of the bid and shall indicate same on the bid page. The Bidder must bid in accordance with the unit(s) of measure called for. If an item is listed by each, the bid price must be entered by each, not dozen or hundred. All extensions and total sums are subject to verification by the City and the correct extensions and sums will be used in the comparison of bids.

Where unit prices are requested, the quantities stated are approximate only. The quantities for all items on which bids are to be received on a unit price basis, will not be used in establishing final payment due the Contractor. Bids will be compared on the basis of number of units stated in the Bid Pricing Section. Contract payment for unit price items will be based on the actual number of units installed in the completed work within the proposed scope of work.

All extensions and total sums are subject to verification by the City and the correct extensions and sums will be used in the comparison of bids. If a discrepancy exists between the unit prices and totals, the unit prices shall prevail. If a discrepancy exists between the total base bid and the true sum of the individual bid items, the true sum shall prevail.

In certain cases, amounts are to be shown in both words and figures. When discrepancies occur between the "Written in Words" and the "In Figures" amounts for the total lump sum bid amount, the "Written in Words" shall govern.

Bidders are warned against making any erasures or alterations of any kind, and bids, that contain omissions, erasures, conditions, alterations, or additions not called for may be rejected. The bidder must fill in all blanks. Use "N/A" or "None" where applicable.

The bid shall be signed by a company officer empowered to bind the company. Failure to sign the bid may cause the bid to be determined to be non-responsive and the bid may be rejected.

SUBMISSION OF BIDS:

All bids must be received in sealed envelopes that have your name and address in the UPPER left corner and the attached label filled in and pasted on the LOWER left corner.

Bids mailed "EXPRESS MAIL" must have bid number and due date on the outside of the EXPRESS MAIL envelope.

The Bidder shall be responsible for delivery of bids to the Purchasing Agent before the date and hour set for the opening of bids. The City assumes no responsibility for delays caused by any delivery service. Postmarking by due date will not substitute for actual receipt by the City. Late bids will not be opened or considered.

END OF INSTRUCTIONS TO BIDDERS

GENERAL CONDITIONS

ADDENDUM AND SUPPLEMENT TO REQUEST:

If it becomes necessary to revise any part of this request or if additional data is necessary to enable the exact interpretation of provisions of this request, revisions will be provided in the form of an Addendum. If revisions are necessary after any mandatory Pre-Bid conference, the revisions will be provided only to those Contractors who will have attended the Pre-Bid conference.

CHANGES:

All changes to this Bid Document shall be amended in written form (Addenda). The Purchasing Agent prior to the scheduled bid opening shall issue such amendments.

The City reserves the right to make any desired change in the specifications after the same shall have been put under contract; but the change so made, with the price to be added or deducted from the contract price, therefore, shall be agreed upon in advance between City and the successful Contractor.

The City shall issue to the successful Contractor a written change order to the original contract; such change orders shall be binding upon both parties thereto and shall in no way invalidate or make void the terms of the original contract not modified by such change.

No claim based on oral changes will be allowed.

CONTRACTOR PERFORMANCE:

The Instructions to Bidders, Bid Form, General Conditions, Special Conditions, contract specifications and attached exhibits shall together constitute the Contract. The Contractor hereby asserts that it has read the specifications, and that it is thoroughly informed and familiar as to their contents and requirements. All items shall be supplied in strict accordance with the specifications. The Contractor's performance under the terms of this Contract shall be to the satisfaction of the City.

DISCLAIMER:

RESERVED BY OWNER

The City reserves the right to reject any or all bids failing to meet the City's specifications or requirements and to waive technicalities. If in the City's opinion, the lowest bid is not the most responsible bid, considering value received for monies expended, the right is reserved to make awards as determined solely by the judgment of the City. In determining the lowest responsible bidder, the City shall take into consideration the qualities of the articles supplied, their conformity with the specifications, and their suitability to the requirements of the City and the delivery terms. Intangible factors, such as the Contractor's reputation and past performance, will also be weighed.

The Contractor's failure to meet the mandatory requirements will result in the disqualification of the Contractor's bid from further considerations.

The City further reserves the right to reject all bids and obtain goods or services through intergovernmental or cooperative agreements.

Submission of a bid confers no rights on the Contractor to a selection or to a subsequent contract. This Invitation to Bid process is for the City's benefit only and is intended to provide the City with competitive information to assist in selection of services. All decisions on compliance, evaluation, terms and conditions shall be made solely at the City's discretion and shall be made to favor the City.

DRUG FREE WORKPLACE:

The Contractor (whether an individual or company) agrees to provide a drug free workplace.

ENDORSEMENTS:

Contractor shall not use the City in any form of endorsement to any third-party without the Buyer's written permission.

EXECUTION OF CONTRACT:

The bidder to whom the contract has been awarded shall sign one (1) copy of the contract and return it to the City within seven (7) calendar days after receipt of the contract. Failure to execute the contract and return it to the City

within seven (7) calendar days after receipt of the contract shall be cause for the annulment of the contract award and the forfeiture of the bid security to the City.

If circumstances beyond the Contractor's control prohibit a timely execution of this contract, prior written approval must be requested by the Contractor and receive approval from the City for an extension to the delivery date.

F.O.B.:

All goods are to be shipped prepaid, F.O.B. destination. Shipments sent C.O.D. without City's written consent will not be accepted and will at Contractor's risk and expense, be returned to Contractor. Unauthorized shipments are subject to rejection and return at Contractor's expense.

HOLDING OF BIDS:

Contractor may withdraw their bids at any time prior to the time specified as the closing time for the receipt of bids. However, no Contractor shall withdraw or cancel his bid for a period of ninety (90) calendar days after said closing time for the receipt of bids.

LAW GOVERNING:

All State of Missouri and/or Federal Laws shall be hereby specifically made a part of this contract as set forth herein.

LIENS, CLAIMS, AND ENCUMBRANCES:

Contractor warrants and represents that all the goods and materials ordered herein are free and clear of all liens, claims, or encumbrances of any kind.

SAFETY DATA SHEETS:

If applicable, contractor shall furnish Safety Data Sheets for their products upon award of Contract.

MISCELLANEOUS REQUIREMENTS:

The City will not be responsible for any expenses incurred by the Contractor in preparing and submitting a Bid. All Bids shall provide a straightforward, concise delineation of your capabilities to satisfy the requirements of this request. Emphasis should be on completeness and clarity of content.

The Contractor is prohibited from assigning, transferring, conveying, subletting, or otherwise disposing of this agreement or its rights, title of interest therein or its power to execute such agreement to any other person, company or corporation without the previous consent and approval in writing by the City.

NON-DISCRIMINATING:

The Contractor, its employees and subcontractors, agree not to commit unlawful discrimination and agree to comply with applicable provisions of the, the U.S. Civil Rights Act and Section 504 of the Federal Rehabilitation Act, and rules applicable to each.

Firm shall comply with Section 285.525 – 285.550 RSMo regarding enrollment in a federal work authorization program. **A signed, notarized affidavit (attached) and supporting documentation affirming enrollment in a federal work authorization program must be submitted with proposal. Failure to comply with this provision may result in rejection of proposal.**

E-VERIFY:

Company shall be E-verify compliant and shall provide documentation to support this requirement within the proposal including the memorandum of understanding (MOU) and the electronic signature page completed in its entirety.

NON-EXCLUSIVITY:

Nothing herein is intended nor shall be construed as creating any exclusive arrangement with Vendor.

PATENTS:

Contractor undertakes and agrees to defend at Contractor's own expense, all suits, actions, or proceedings against buyer, in which City, and of Contractor's suppliers, contractors, distributors or dealers, or the users of any of Contractor's products are made defendants for actual or alleged infringement of any U.S. or foreign letters patent resulting from the use or sale of the items purchased hereunder. Contractor shall inform the City whenever

infringement will result from Contractor's adherence to specifications supplied by the City or by an authorized City Representative. Contractor further agrees to pay and discharge any and all judgments or decrees, which may be rendered in any such suit, action or proceedings against City therein.

PAYMENT:

The goal of the City is to pay properly submitted Contractor invoices within thirty (30) days of receipt, providing goods have been delivered, approved, and accepted by an authorized City Representative. Original invoices must be presented for payment in accordance with instructions contained on the Purchase Order including reference to Purchase Order number and submitted to the correct address for processing.

TAX:

The City is not responsible for and will not pay local, Federal Excise Tax or Missouri Sales Tax. A copy of the exemption letter is available upon written request.

TERMS/CANCELLATION AND DAMAGES:

This contract may be terminated by either or both parties upon thirty (30) days written notice or upon mutual agreement of both parties.

If the City because of the Contractor's breach terminates this Contract, the City shall have the right to purchase equipment elsewhere and to charge the Contractor with any additional cost incurred.

Notwithstanding the above, the Contractor shall not be relieved of any liability to the City for damages sustained by the City by virtue of any breach of this contract by the Contractor and the City may withhold any payments to the Contractor until such time as the amount of such damages due the City from the Contractor shall be determined.

TRANSFER OF OWNERSHIP OR ASSIGNMENT:

The terms and conditions of this contract shall be binding upon and shall enure to the benefit of the parties hereto and their respective successors and assigns.

Prior to any sales or assignments the City must be notified and approve same in writing. The City shall have right of first refusal.

END OF GENERAL CONDITIONS

SPECIAL CONDITIONS

DELIVERY REQUIREMENTS:

In this contract, time is of the essence. If applicable, all freight and delivery charges are to be included in the costs entered on the bid pricing page. Under no circumstances will the City be liable for additional delivery charges.

The successful bidder's performance under the terms and conditions of this contract shall be satisfactory to the City.

All deliveries shall be made between the hours of Tuesday – Friday, 7:00 a.m. - 2:00 p.m. unless other arrangements have been made.

PRICING:

The pricing stated by the bidder in the bid documents shall remain firm for a one (1) year period from the start date of the contract. No price increases will be allowed for the duration of the contract. Price decreases are allowed at any time.

END OF SPECIAL CONDITIONS

INSURANCE REQUIREMENTS

GENERAL:

The Vendor shall respond to these specifications as an independent contractor and not as an employee of the City of O'Fallon.

WORKER'S COMPENSATION INSURANCE:

The Vendor shall procure and shall maintain during the Term of the Agreement, Worker's Compensation Insurance for all of its employees to be engaged and perform work under the Agreement, and in case such work is sublet, the Concessionaire shall require the subcontractor similarly to provide Worker's Compensation Insurance for all such employees to be engaged by the Vendor for such work unless such employees are covered by the protection afforded by the Vendor's Worker's Compensation Insurance. In the event any class of employees engaged in hazardous work under the Agreement is not protected under the Worker's Compensation statute, the Vendor shall provide and shall cause such subcontractor to provide adequate Employer's Liability insurance for the protection of its employees not otherwise protected.

Commercial General Liability Insurance:

The Vendor shall carry public and property damage insurance which shall include bodily injury and accidental death to any person and subject at the minimum limits set forth below:

Liability Limits	\$3,500,000/Per Occurrence
	\$3,500,000/General Aggregate
	\$3,500,000 Products/Completed Operations aggregate
	An umbrella/excess liability policy can be used to attain the required limits.

Commercial Automobile Liability Insurance:

The Vendor shall maintain Commercial Automobile Liability Insurance Coverage in the amounts not less than the minimum limits set forth below:

Bodily Injury and Property Damage	\$3,500,000 Combined Single Liability Limit
	An umbrella/excess liability policy can be used to attain the required limits.

OTHER INSURANCE PROVISIONS/ENDORSEMENTS:

An original Certificate of Insurance from the company or authorized agent of record must be furnished to the City, provide that the City of O'Fallon is an "Additional Insured" on the Vendor's Commercial General Liability policy during the Term of the Agreement, and a copy of such "Additional Insured" endorsement must accompany the insurance certificate. Both the General Liability and Automobile Liability insurance policies are to contain, or be endorsed to contain, the following provision: Vendor and its insurer shall waive any right of subrogation against the City. This requirement of insurance does not limit the Vendor's liability under the Agreement in any manner.

CHANGES IN INSURANCE COVERAGE:

The Contractor shall notify the City of changes in insurance coverage in writing within thirty (30) days.

INDEMNITY:

The Contractor shall, at all times, fully indemnify, hold harmless, and defend the City and its officers, members, agents, and employees from and against any and all claims and demands, actions, causes of action, and cost and fees of any character whatsoever made by anyone whomsoever on account of or in any way growing out of the performance of this contract by the Contractor and its employees, or because of any act or omission, neglect or misconduct of the Contractor, its employees and agents or its subcontractors including, but not limited to, any claims that may be made by the employees themselves for injuries to their person or property or otherwise. Such indemnity shall not be limited by reason of the enumeration of any insurance coverage herein provided.

Nothing contained herein shall be construed as prohibiting the City, its directors, officers, agents, or its employees, from defending through the selection and use of their own agents, attorneys and experts, any claims, actions or suits brought against them.

The Contractor shall likewise be liable for the cost, fees and expenses incurred in the City's or the Contractor's defense of any such claims, actions, or suits.

The Contractor shall be responsible for any damages incurred as a result of its errors, omissions or negligent acts and for any losses or costs to repair or remedy construction as a result of its errors, omissions or negligent acts.

INSURANCE RATING:

All of the above-specified types of insurance shall be obtained from companies that have at least an A-VII rating in Best's Guide or the equivalent.

SURVIVAL OF INDEMNIFICATION:

The indemnification described above shall not be limited by reason of the enumeration of any insurance coverage herein provided, and it shall survive the termination of the Contract for claims arising from events occurring while the Contract is in force.

NOTICE OF LAWSUIT:

Within sixty (60) days of service of process, the City shall notify the Contractor of any lawsuit involving the indemnification provided for above. Failure to provide such notice shall not relieve the Contractor of its obligation to provide indemnification. However, the City shall be responsible for any additional costs of defense incurred due to their failure to provide such notice within sixty (60) days.

CHOICE OF LEGAL COUNSEL:

The contractor shall provide coverage as stipulated in the contract. In the event of a proceeding, the City retains the right to approve legal counsel for claims brought against the City.

DISPUTES:

Any dispute arising out of this agreement will be resolved under the laws of the State of Missouri.

CITY OF O'FALLON, MISSOURI

MISSOURI DOMESTIC PRODUCTS PROCUREMENT ACT

The bidder's attention is directed to the Missouri Domestic Products Procurement Act, Sections 34.350 to 34.359, RsMO, which requires all manufactured goods or commodities used or supplied in the performance of this contract or any subcontract to be manufactured or produced in the United States.

Section 34.355, RsMO, requires the vendor or contractor to certify his compliance with Section 34.353 and, if applicable, Section 34.359, RsMO, at the time of bidding and prior to payment. Failure to comply with Section 34.353, RsMO, during the performance of the contract and to provide certification of compliance prior to payment will result in nonpayment for those goods or commodities.

Section 34.353.2, RsMO, specifies that it does not apply where the total contract is less than Twenty-Five Thousand Dollars (\$25,000.00). If your total bid is Twenty-Five Thousand Dollars (\$25,000.00) or more, you must complete this form as directed below.

Failure to complete and return this document with this bid will cause the State to presume the manufactured goods or products listed in the bid are not manufactured or produced in the United States, and the bid will be evaluated on that basis. Please read the certification appearing below on this form.

☐ If all the goods or products specified in the attached bid which the bidder proposes to supply to the State shall be manufactured or produced in the "United States" as defined in Section 34.350, RsMO, check the box at left.

☐ If only one item of any particular goods or products specified in the attached bid is manufactured or produced in the "United States" as defined in Section 34.350, RsMO, check the box at left and list the items (or item number) here:

☐ If any or all of the goods or products specified in the attached bid which the bidder proposes to supply to the State are not manufactured or produced in the "United States" as defined in Section 34.350, RsMO, then: (a) check the box at left; (b) list below, by item (or item number), the country other than the United States where each good or product is manufactured or produced; and (c) check the boxes to the left of the paragraphs below if applicable and list the corresponding items (or item numbers) in the spaces provided.

Item (or item number)	Location Where Item Manufactured or Produced

(attach an additional sheet if necessary)

☐ The following specified goods or products cannot be manufactured or produced in the United States in sufficient quantities or in time to meet the contract specifications. Items (or item numbers):

☐ The following specified goods or products must be treated as manufactured or produced in the United States, in accordance with an existing treaty, law, agreement, or regulation of the United States, including a treaty between the United States and any foreign country regarding export-import restrictions or international trade. Items (or item numbers):

CERTIFICATION

By submitting this document, completed as directed above, with a bid, the bidder certifies under penalty of making false declaration (Section 575.060, RsMO) that the information contained in this document is true, correct and complete, and may be relied upon by the City in determining the bidder's qualifications under and in compliance with the Missouri Domestic Products Procurement Act.

The bidder's failure to complete and return this document with the bid as directed above will cause the City to presume the manufactured goods or products listed in the bid are not manufactured or produced in the United States, and the bid will be evaluated on that basis pursuant to Section 34.353.3(2), RsMO.

CITY OF O'FALLON, MISSOURI

SAMPLE AGREEMENT

THIS AGREEMENT is made and entered into this ____ day of _____, 20____, by and between the City of O'Fallon, Missouri (CITY) and _____ (VENDOR). The parties agree as follows:

1. VENDOR agrees to provide the CITY with products or services in accordance with the bid documents and specifications entitled _____ with a public bid opening held on ____ <date> _____. Said bid documents and specifications shall be incorporated into this contract by this reference.
2. The CITY in accordance with the attached Proposal will pay VENDOR an amount not to exceed \$ _____ upon completion of the work noted above.
3. VENDOR shall provide and bill for only those services associated with this project. No additional charges will be allowed without prior approval. All work performed shall be identified and quantified on each invoice.
4. VENDOR is an independent contractor and nothing contained herein shall constitute or designate VENDOR or any of its agents or employees as agents or employees of the CITY.
5. VENDOR agrees in the performance of this agreement that it will not discriminate against any employee of applicant for employment because of race, creed, color, age, sex, national origin, ancestry, religion or political opinion or affiliation.
6. VENDOR shall maintain during the life of this Agreement and furnish to the CITY the appropriate Professional Liability, Commercial General Liability, and Workers Compensation insurance certificates in amounts as detailed in the bid specifications. An original Certificate of Insurance from the company or authorized agent of record must be furnished to the City, provide that the City of O'Fallon is an "Additional Insured" on the Vendor's Commercial General Liability policy during the Term of the Agreement, and a copy of such "Additional Insured" endorsement must accompany the insurance certificate. This requirement of insurance does not limit the Vendor's liability under the Agreement in any manner. VENDOR shall provide 30 days written notice prior to any change in insurance.
7. VENDOR agrees to indemnify the CITY, its' officials, and employees from any loss, damage, costs, charges or expenses to person or property by reason of any action or omission on the part of any person or company involved in this agreement.

SPECIFICATIONS

The City of O'Fallon, MO is accepting sealed bids for three (3) 35,000 GVWR Single Axle Dump Trucks **with full snow build**.

Unless otherwise specified, any manufacturers' names, trade names, brand names, information and/or catalog numbers listed in this specification *are descriptive, not restrictive*. The bidder may offer any product that meets or exceeds the applicable specifications. The bidder must demonstrate comparability, by including appropriate catalog materials, literature, specifications, test data, etc. The City will determine in its sole discretion whether a product is acceptable as an equivalent.

All Electrical Modules or Auxiliary Power Distribution box must be protected and inside cab.
All body building electrical, must plug into the truck utilizing the connections that are available from the truck builder.

An alternate bid for hydraulic system or body build that may be included, and this price must be reflected as the additional or difference amount to the total bid. Any alternate offered should have like function, like capability, like weather resistance, and shall include one operator training class and one maintenance training class.

Vendor must give a minimum of 24 hours advance notice before delivery of an item. Delivery of an item will only be received between the hours of 7:00 a.m. to 2:00 p.m., Monday through Friday. Deliveries shall not be made on observed holidays. The City of O'Fallon will have five (5) business days after receipt of items to inspect the items for damage. Vendor will be responsible for all damage to the items received from transit/shipping.

Each truck delivered must comply with all State of Missouri and Federal vehicle weight, dimension, and safety requirements. Each truck delivered must be complete with all standard equipment, plus any optional or special equipment to meet the minimum specifications as stated herein.

All items not specifically listed in this specification, but necessary for proper and efficient operation of each delivered truck including all optional equipment, must be supplied and included in the bid price and listed on the "Exception Sheet". An example is the bracketry and fittings to be used on the reused plows and spreaders.

Each truck delivered must be fully operational, with all hydraulic and mechanical adjustments made prior to delivery. Each delivered truck must have ALL grease fittings on the chassis and Body Builder installed components properly lubricated.

Depending upon availability of the truck and build, the vendor shall sign an agreement with (either) a specific time period to complete, OR at a minimum, that the vendor will promptly place the City's order to achieve a favorable timeline of the build. The vendor will also communicate when the order was placed, estimated build times and any changes that may occur during the order and build process that will state.

The City is requesting pricing for 2026/ early 2027 vehicles built prior to the implementation of the new 2027 emissions requirements and model year 2027 vehicles equipped to meet full 2027 emissions requirements. The Total Truck Price shall include all systems as a completed truck with plow, spreader, and hydraulics, etc. Only the Total Truck Price will be read at bid opening however, due to cost separation throughout City departments, the awarded bidder must show a cost breakdown for the truck with dump body, plow, plow hitch, hydraulic system, spreader, and tire chains, that must equal Total Truck Price bid.

CITY OF O'FALLON, MISSOURI

Item #	Description	Conventional Cab		
		Meets	Exceeds	Not Available or does not meet spec
	GENERAL			
1	Medium Duty Conventional Cab Chassis for Dump and Snow Plow application. 35,000 # GVWR single axle dump truck. 82 CA or set to accommodate specified body.			
2	Tilt fiberglass hood			
3	Set Back Axle Configuration			
4	Stationary grill			
5	Cab color - Oxford White			
6	Wheel color - Oxford White			
7	Frame color - Solid Polyurethane Black (Dump Body Black)			
	ENGINE Cummins L9	Meets	Exceeds	Not Available or does not meet spec
8	Diesel Engine			
9	330 HP @ 2200 RPM or better			
10	1000 lbft @1200 RPM or better			
11	Air to air intercooler			
12	1000 watt or higher/ 115 vt block heater w/ receptacle under LH door			
13	Engine alarm system (oil, water, etc.)			
14	Electric grid air intake warmer			
15	20 minute idle shut down			
16	Electronic cruise control			
17	Heated fuel/ water separator and fuel filter in single assembly, w/ warning light			
18	Spin on fuel filter			
19	Combination full flow/ by-pass oil filter			
20	On board diagnostics			
21	Magnetic Drain Plug			
22	Engine mounted oil fill and check			
23	Electronic engine shutdown protection			
24	Engine remote interface connector back of cab			

CITY OF O'FALLON, MISSOURI

25	Dual element air filter with snow separation module			
26	Equipped with an expanded engine temperature effects			
27	Exhaust system shall be single horizontal DPF device, frame mounted on right side, under cab. No DPF allowed behind cab. The unit will have a vertical exhaust pipe mounted no farther than 2" behind the cab.			
28	DEF tank located on left side with standard DEF pump mount			
29	Automatic over the road regeneration and dash mounted regeneration switch.			
	TRANSMISSION	Meets	Exceeds	Not Available or does not meet spec
30	Allison 3000 RDS Automatic transmission with PTO provision. Most current Generation.			
31	Push button two mode; [mode 1 is performance] [mode 2 is snow plow]			
32	Magnetic oil pan plug			
33	Electronic transmission access connector mount inside cab			
34	Water cooled transmission cooler			
35	Transmission oil check and fill w/ electronic oil level sensor			
36	Synthetic Transmission fluid			
	ELECTRICAL	Meets	Exceeds	Not Available or does not meet spec
37	Non-polish battery box			
38	Three maintenance free commercial batteries 12Vt mounted under cab			
39	Left intentionally blank			
40	Main panel circuit breakers w/ trip indicators			
41	Equipped with J560 seven way primary trailer receptacle mounted and a six round trailer receptacle at end of frame			
42	Equipped with a auxiliary lit (on) auxiliary switches. Truck company and body builder will utilize only auxiliary switches. Switches shall be etch marked with the item that it controls (not label tape) as to see the switch is turned on.			
43	Left intentionally blank			

CITY OF O'FALLON, MISSOURI

44	Equipped with wiring a switch for auxiliary snow plow head lights. Plow light switch can be wired into the auxiliary switching and etch marked (not label tape). But preferred wiring to control console.			
45	12 vt 160 amp minimum low turn on speed alternator system			
46	Work lights switch will be wired into the auxiliary switching and etch marked (not label tape).			
	CHASSIS	Meets	Exceeds	Not Available or does not meet spec
47	Cab to axle length shall be set at 82 or Wheel Base will be set to accommodate the following: 1. 10' plow like or similar to Viking MW36R10 2. Must have integral frame extension 4. Conventional Cab 5. Set back Axles 6. 10' Western style bed 6. Body items added should not extend the wheel base			
48	Heat treated single frame rails of 120 KSI.			
49	Swept back bumpers constructed of steel			
50	To be configured with tow provision and electric trailer provision with air lines			
51	All fasteners to frame will be grade 8			
	FRONT AXLE AND SUSPENSION	Meets	Exceeds	Not Available or does not meet spec
52	Set back configuration			
53	Meritor 16000 # or larger front axle w/ spider cam front brakes, double anchored			
54	Parabolic, taper leaf spring with shock absorbers			
55	Graphite Bronze bushings w/ seals			
56	Vented hub caps w/ window			
57	Oil center and side plugs			
58	auto front slack adjusters			
	REAR AXLE AND SUSPENSION	Meets	Exceeds	Not Available or does not meet spec
59	Meritor 23500# rear axle 5.86 gear ratio with differential lock. Diff lock switch will be wired into the auxiliary switching and etch marked (not label tape). 23,000# Flat leaf spring suspension with fore and aft control rods			
60	Magnetic Drain Plug			

CITY OF O'FALLON, MISSOURI

	BRAKE SYSTEM	Meets	Exceeds	Not Available or does not meet spec
61	Dual air brakes w/ air dryer			
62	Pull cable on wet tank/ Pet cock on other tank(s)			
63	All non-asbestos brake linings			
64	Cast iron brake drums			
65	Front and rear dust shields			
66	(2) air gauges located on instrument panel			
67	Park brake valve located on instrument panel			
68	Front and rear automatic slack adjusters			
69	Full ABS system			
70	Front brakes shall be WABCO 4S/4M w/ traction control w/ ATC shut off switch or best to accommodate a truck offered.			
71	Rear brakes shall be 16.5' X 7.0" w/ long stroke and heavy-duty spring actuated park brakes or best to accommodate 35,000 GVWR dump truck			
72	Air Compressor shall be of 18.7 CFM or greater or best to accommodate 35,000 GVWR dump truck			
73	Electric horn warning for park brake not set w/ out door open and key in ignition			
74	Air connection at end of frame w/ glad hands			
	TIRES AND RIMS	Meets	Exceeds	Not Available or does not meet spec
75	Front steer 315/ 80R 22.5 Load Range L			
76	Rear 11R 22.5 Load Range G. Traction tread			
	CAB	Meets	Exceeds	Not Available or does not meet spec
77	Gray interior			
78	Adjustable tilt and telescoping steer wheel			
79	Molded door panel			
80	Black mats w/ single insulation			
81	Forward roof mounted console w/ upper storage and 2 way radio wire effects.			
82	Premium cab insulation			

CITY OF O'FALLON, MISSOURI

83	Door dome activated LH/ RH. Dual read lights, forward cab roof			
84	12vt power supply in dash			
85	Flush mounted LED clearance markers			
86	Halogen headlights			
87	Black Floor coverings			
88	Left intentionally blank			
89	Power windows and door locks			
90	Heated windshield			
91	Pillar mounted interior grab handles			
92	Two steps per door: Stainless Steel			
93	Gauge Cluster: Electronic engine oil pressure, water temp, fuel, tach, voltmeter, washer fluid gauge, odometer display, transmission oil temp gauge, air tank gauges, OBD display, road speed wire coiled under the instrument panel for customer use			
94	Warning system that consist of; low fuel, low oil pressure, high engine coolant temp, low voltage, low air light and buzzer			
95	Driver seat to be an air suspension, vinyl, mechanical lumber support. Dual driver seat armrest			
96	Passenger seat to be air suspension, vinyl, mechanical lumber support. Single left side armrest			
97	OBD interface connector below dash			
98	Both seats orange 3pt seat belt			
99	LH/ RH Heated mirrors w/ door mounted remote			
100	LH/ RH Convex mount under primary mirrors			
101	Air conditioner w/ integral heat and defrost			
102	Air filter for HVAC			
103	Driver storage pocket			
104	AM/ FM Radio			
105	Driver/ Passenger sun visor			
106	Air cab suspension			

CITY OF O'FALLON, MISSOURI

107	DPF override switch			
108	Single motor intermittent wipers			
109	Wipers go to slow position when park brake engaged, headlights on when wiper engaged			
110	Aluminum 50 gallon fuel tank mounted under cab with stainless steel straps			
111	Two electric horns			
112	One air horn mounted under LH deck			
113	LH/ RH grab handles at outside exit/ enter			
114	Fiberglass hood			
115	Doors locks and ignition keyed alike			
	Body builder -A Copy of the complete bid specs must be sent to the bid company to assure compliance by both companies of the bid.	Meets	Exceeds	Not Available or does not meet spec
	COLOR - All surfaces are high pressure cleaned and phosphate			
116	Frame - Solid Poly Black			
117	Dump Body –Gloss Black Epoxy Auto Paint			
118	Front and rear tow hooks – Gloss Black Paint			
119	Electric brake controller capable of operating minimum 4 wheel brakes. Wired to both 6 and 7 pole trailer receptacle.			
120	Road and ambient air sensor; should display in electronic controls or professionally installed on dash.			
121	Tire chains - Automatic tire chains are installed and wired through truck wire harness. A. Tire Chain switch will be wired into the auxiliary switching and etch marked (not label tape). b. Tire chain airline shall have a quick disconnect and cover after the T connector at the end of the truck to facilitate easy removal. Quick disconnect supply line should not hang below frame when disconnected. C. Tire chain mount at rear axle with quick disconnect or equivalent.			
122	Back up alarm to be installed			
123	Undercoating will be done the entire length of the truck frame and underside of dump body			
124	Frame mounted RH Stainless Steel Tool Box. 18"W X 14" Deep X 16" H or best fitment.			

CITY OF O'FALLON, MISSOURI

	DUMP BODY	Meets	Exceeds	Not Available or does not meet spec
125	10'X7'			
126	Body will be a Western style w/ out cross members and vertical braces. The longsills shall be one piece 1/4" high strength carbon steel (or equivalent), with baffles and drain holes in rear. No splices will be accepted. The body must be square cornered to accommodate all type spreaders.			
127	Installed oak board to fit side board provision			
128	The side shall be 26" tall and the tailgate will be 34" tall with provisions for side boards. Corner Post shall be Corten and able to receive a "flush mounted tailgate".			
129	AR 4XX or equivalent: a. Floor will be 1/4" AR450 one piece fully welded and formed into the sides. b. Tailgate will be 1/4" AR400 and flush mounted			
130	18" Deep, full width, 3/16" cab shield shall be welded to the front of the body			
131	3/16" X 10" asphalt lip will be bolted on to the rear			
132	Rear hinge pin shall be 2" and fashioned to allow grease to reach all portions of the pins surface. The hinge blocks will be minimum 2 1/2" wide X 6" long			
133	Tailgate cross shaft shall be supported at each end with bushings that can be greased from the from the outside of the body. One end of the shaft shall be designed to extend beyond the corner post accept and adjustable wrench for manual back up should system fail. Tail gate open/ close switch will be wired into the auxiliary switching and etch marked (not label tape).			
134	D rings will be placed at top right and left of tailgate for easy chain lifting. Double Acting tailgate will be flush with floor when opened and flush with side post and floor when closed as to not block view of lighting or camera			
135	4 Spreader ratchet straps mounted to outside wall of bed to secure spreader			
136	Body props for working under body with body in up position.			
	DUMP BODY ACCESSORIES	Meets	Exceeds	Not Available or does not meet spec
137	The body shall have all required DOT lights and reflectors. All Lights shall be LED. The Body shall have amber LED warning lights one on the front cab shield on a 45 degree angle for a			

CITY OF O'FALLON, MISSOURI

	180 degree visibility or two on a 90 degree (one on side corner and one on front corner). Rear stop/tail, backup, amber warning LED lights (Whelen series 400 or equivalent) mounted in a 3 light box welded in each rear corner post. Amber warning lights to be wired into the auxiliary switching and marked "Warning lights" and wired to dim warning lights for night operations.			
138	Front mud flaps to be plain rubber with anti sail brackets. Rear mud flaps will be ½" thick plain and bolted to stainless steel piano hinge style bracket.. Back up alarm and all standard equipment.			
139	Equipped and shielded Heavy Duty electric tarp system that can be controlled from the cab. Tarp system shall not hang lower than bottom of bed. Tarp switch will be wired into the auxiliary switching and etch marked (not label tape). Tarp electrical hook up will be located inside cab. Must mitigate issues with corroding electrical.			
140	Literature on bed, lights, and electric tarp system must accompany bid.			
141	Left intentionally blank			
142	Dump body shall include a DC Dump Vibrator with a minimum 3,000 # force, installed and wired. A safety cable will be installed on the vibrator. Vibrator switch will be wired into the auxiliary switching and etch marked (not label tape).			
143	Dump body shall include full length serrated walk rails on both sides.			
144	Bed will have Conspicuity Striping applied on lower rub rail or body and around tailgate middle perimeter			
145	Dump body will have a stow away ladder on both sides placed towards the front of the dump bed on equal and opposite sides or where can be practically placed. There shall be corresponding grab handles on each side.			
146	A bullet style camera (like ECCO brand EC2015-C) will be installed in area for good visibility for back up and for trailer back up view and will be inset into the body for protection. Flush mounted tailgate will allow for full 120 degree view. A monitor screen (like ECCO brand EC7000-QM) will be mounted in the cab of truck, on the hydraulic controller as to not impair dash or windshield vision. System will be set to automatically display in reverse and to display manually in drive. Water tight cabling (like ECCO ECTC10-4) used to complete the system. The camera monitor should not dictate hydraulic controls.			

CITY OF O'FALLON, MISSOURI

	PINTLE	Meets	Exceeds	Not Available or does not meet spec
147	45 ton capacity pintle hook installed on a 3/4" pintle plate using Grade 8 bolts w/ adjustable pintle, B-50 D-rings and air glad-hands.			
148	Equipped with J560 seven way primary trailer receptacle mounted and a six round trailer receptacle at end of frame			
	CLOSED LOOP HYDRAULICS TO RUN PLOW, PLOW BALANCE, SPREADER, and ELECIRIC PREWET	Meets	Exceeds	Not Available or does not meet spec
149	The following specifications are not all inclusive. The City is relying on the engineering of the vendor to ensure proper fitment, reservoir sizing, pressures, valving, hose sizing, end item control, heat control, what material items are made from, and longevity of the system, based on the hydraulic applications. It is the bidder's responsibility to ensure that all hydraulic components of the trucks run seamlessly with exceptional quality and performance. The hydraulic system must support the specified/ offered plow, plow balance, the spreader, electric prewet, anti-ice, and hoist. Per the spec, this truck will have an Allison 3000 RDS with PTO provision. It is the vendors responsibility to ensure proper fitment, if a different truck, engine, transmission/ PTO provision is offered. The PTO will be utilized for the hydraulic portion of the specification. These are the specifications the City requires: a. Closed loop hydraulic system, b. Transmission PTO mount with load sensing type piston pump with bleed down. The piston hydraulic pump will be direct flange mounted to a hot shift, wet spline, and auto shutdown for low oil or hot oil conditions, Chelsea PTO or equivalent. c. Quick disconnects for hydraulics (Aero Quip 45) and electrical will have dust covers. This includes end items such as the spreader, plow, wing plow, etc. d. All hydraulic and electrical will be quick disconnect and end on the street side of bed. All hydraulic and electrical connection will be permanently identified with a stamp label or a tag stamp that cannot be removed. e. Electrical connections are IP68 rated. f. Reservoir will be constructed of stainless steel with sight gauge and fill tube accessible without removing anything or obstructions. As an integral part of the reservoir, there shall be an area for mounting of the hydraulic stack valve. Reservoir must be of template style for bulkhead "through" mounting of the valve and be completely free from internal tubing or hoses			

CITY OF O'FALLON, MISSOURI

	from the work ports and inlet of the valve. Valves must have easy access be removable as a unit with template. for service and accessibility. The reservoir capacity shall hold enough hydraulic fluid to ensure full function, heat control and longevity. g. The plow shall have plow balance and cushion valve. Plow hydraulic hoses shall be positioned individually on bumper, left of the plow hitch h. The City is looking for a controller, like or equivalent to the Certified Power two joystick MDC with Freedom 2.2, to ensure function of all hydraulic components listed: This will control the dump hoist, plow, plow balance, along with spreader, spinner control, chain control (ground speed control). If the MDC with Freedom 2.2 cannot control all applications, only then, will an XDS controller (or equivalent) be acceptable. The controller will be set up in the center cab and have comfortable access for the operator.			
	HOIST	Meets	Exceeds	Not Available or does not meet spec
150	The hoist shall be a double acting trunion mounted head lift design using nitride cylinder w/ two (2) year seal warranty. The doghouse for the cylinder shall not extend more than 12" in the floor length. Shall have greaseable clamps and greaseable hinges.			
151	The unit shall have an electronic low hydraulic fluid sensor in the tank in case of a hydraulic leak in the system.			
152	Intentionally left blank			
	WIRING SPECIFICATIONS	Meets	Exceeds	Not Available or does not meet spec
153	Connectors and harness should be rate tested for temperature, water tightness, and corrosion resistance.			
154	Cabling should be rated excellent in low temperature, flexibility and resistance to oxidization, heat, oil, weather, sun, ozone, abrasion, electrical priorities, flame, water, acid, alkali, gasoline, benzol, toluol, degreaser solvents, alcohol, and weld slag.			
155	All cabling for the hydraulic system and pre-wet system must be this style. Component Technology TPE Yellow Jacket Cables or equivalent.			
156	All cable and hose retaining devices shall be stainless steel			

CITY OF O'FALLON, MISSOURI

	PLOW, PLOW HITCH, PLOW LIGHTS	Meets	Exceeds	Not Available or does not meet spec
157	Plow hitch will be a drop bar design like single lug swivel hitch or equivalent. The installation of the hitch shall allow for full tilting of the hood w/out coming in contact with the hitch			
158	The hitch shall be designed to transfer the plowing forces directly the truck frame.			
159	All welds on hitch to be continuously welded			
160	A series of holes in the extendable portion will allow the adjustment of the length of the lift arm			
160	Front Plow lights (auxiliary) shall be LED in a heated housing			
162	Auxiliary headlights shall not obstruct the driver's vision, and be mounted approximately 64" from ground level, and at approximately the same width apart as truck's headlight			
163	Auxiliary headlights shall be secured to a fender mounted, 3 point assembly bracket or fender bracket. Bracket and mounting parts shall be stainless steel and secured with stainless steel locknuts			
164	Reinforced rubber washers or grommets shall insulate the bracket to the hood. Fasteners attaching the bracket to the hood shall be insulated from the hood by a 2 inch minimum diameter rubber washer or grommet and a 2 inch minimum diameter plated washer.			
165	Drill holes to accommodate wire size			
166	Auxiliary headlight light switch will be wired into the control console and etch marked (not label tape).			
167	Plow shall be a reversible, 10' long and 36" high such as a Viking Cives Reversible MW36R10 or equivalent.			
168	with a plow jack or equivalent support to support for storage.			
169	will include carbide blade cutting edge, 12" channel bumpers, plow markers, rubber deflector.			
170	Plow hydraulic hoses shall be positioned individually on bumper, left of the plow hitch.			
171	Plow balance valve: A plow balance valve w/ on & off must be incorporated in the plow lift circuit by dealer at the time of installation. Valve to be designed to offset a specific plow weight when activated. Must not alter the operation of any hyd function. All normal operations of plow function must be maintained w/ out additional			

CITY OF O'FALLON, MISSOURI

	tasks. Plow balance system must be able to hold plow in the up position indefinitely.			
172	Plow Trip mechanism must be designed with at least dual compression			
173	Minimum weight of plow will be 1200 lbs.			
174	Intentionally left blank			
175	Intentionally left blank			
	SPREADER: The spreader size may be reduced for fitment of dump body.	Meets	Exceeds	Not Available or does not meet spec
